

Built and Natural Landscape Impacts Subcommittee Minutes
Kittery Climate Adaptation Committee
January 4, 2022, 4:30 PM
Remote

- I. Present: Debbie Driscoll, Ken Fellows, Ron Ledgett, Nanci Lovett, Judy Spiller, Cameron Wake. Kathy Connor, KP&D, Abbie Sherwin, SMPD, Jessa Kellogg, KPW, Abigail Lyon, UNH PREP
- II. Approved Minutes for 12.07.21 -Nanci, seconded Ron - unanimous
- III. Project Updates
PREP map – Reduced to 3: HAT + 100 yr storm surge, 1.6’ sea level + 100 storm surge; 3.0’ sea level; aligns with Maine Climate Council. Reviewed insets: Gate 2 – Lockes Cove; Rt. 1 Spruce Creek bridge at Outlets; Cutts Island; Foreside; Badger’s Island; Gerrish Island/Fort Foster and added Lewis Square; Rachel Carson causeway; and Payne Road. Discussed how used: Town GIS; basis for ordinance; and priorities areas for spending. Primarily a zoning map. Mostly will be used in digital format but printed version useful for outreach and education. Considered making an additional map showing storm surge depths.
Subcommittee moved approval with three additional insets: Moved Ron; seconded by Nanci – unanimous.
Some discussion on what to call the map. Agreed on coastal hazard map.
- IV. Next meeting: 4:30 pm, **February 1, 2022**
- V. Adjourn: Moved by Ron, seconded by Ken – 5:27 pm - unanimous.

Approved: 02.01.22
