

# KITTERY HOUSING WORKSHOP

A WORKFORCE HOUSING COALITION  
DESIGN WORKSHOP IN PARTNERSHIP WITH THE  
TOWN OF KITTERY

Data shows that working-class residents, retirees looking to downsize, and younger adults looking to stay in Kittery, are unable to afford to buy a home here.

Join volunteer architects, engineers, and housing industry professionals as they develop concepts for workforce housing at the Walker Street Fire/Ambulance station. The group will work within the realistic challenges of the site, engage the community in playing out “what if” scenarios, and gather reactions and input from the community.
