35 Badgers Island West, Shoreland Development Plan – Site Walk

Action: review for completeness, continue, approve, or deny plan: Pursuant to §16.4 Land Use Regulations and §16.9.3 Shoreland Development Review requirements of the Town of Kittery Land Use and Development Code, owner B.I.W. Group, LLC and agent Steven Riker with Ambit Engineering request approval to expand a legally non-conforming building and convert an existing office building to 10 residential units on a legally conforming lot located on real property with the address of 35 Badgers Island West, Tax Map 1, Lot 32, in the Mixed-Use Badgers Island Zone (MU-BI), Shoreland Overlay Zone (OZ-SL-250'), and Resource Protection Overlay Zone (OZ-RP)

Planning Board Members Present: John Perry, Russell White, Drew Fitch, Ron Ledgett, Karen Kalmar (Vice Chair)

Absent: Dutch Dunkleberger (Chair); Stephen Bellatone

Advisory: Earldean Wells, Conservation Commission

Staff: Jordan Kelley (Town Planner)

Project Representatives: Shane (Ambit Engineering)

Abutters: Linda & Ken Cohen, Mary & Peter Karalekas, Jim Truncellito

Vice Chair Kalmar opened the meeting and explained the process for the site walk.

Shane introduced the project explaining that the staking in pink/orange showed the footprint of the building, He explained that the building additions (wings) would be two stories tall with residents entering the first floor from the parking garages.

Karen Kalmar (KK) – Regarding Existing Vegetation, what was existing prior to the revetment?

Shane – mostly sumac and concrete/rubble some small maples

KK- Pollution Control Unit for Stormwater (Jellyfish system) We would like to know more about it. We need a Maintenance Manuel and Schedule as well as Maps that show the area to be captured and the amount of stormwater/runoff that it will capture. Shane- We will provide that information

APPROVED November 15, 2022 10:00 AM

Earldean Wells (EW)- We would like to know exactly what was there before and to add more for what was taken

Shane- Will note on planting plan.

EW- Where is the snow storage location?

Shane-There shouldn't be that much, but will add to plan

KK – Please provide Building Heights and Garage Elevations Shane- Ok

Jordan Kelley (JK) – Request for section drawing through building and courtyard area, what is the proposal for these elevation changes between the building and the revetment.

Shane- Noted

KK- Show us the fill that has been added and removed (show on map and include amounts) It would be helpful to have prior to the revetment, current, and proposed. Shane- Ok

EW- Show the Trees that are existing and the Trees that remain if approved in addition to the new proposed planting plan Shane- OK

Linda Cohen- Where will the trash go?

Shane- Basement/Garage and a collection service will pick it up collectively, not individual cans on the street

Mary Karalekas- Where will the telephone/power lines go? Shane – Underground from street.

Ken Cohen- What about the entrances and ADA?

Shane- If facing the building from the road the right wing will have a ramp, ADA parking sites and an elevator.

KK- Does the boat storage yard across the street do maintenance i.e. painting scrapping, service to boats and engines Shane- YES.

JK- Please provide Building sizes, Impervious surface and devegetated areas.

APPROVED November 15, 2022 10:00 AM

Shane-

| | Existing | Proposed |
|-------------|-------------|-------------|
| Building | 5,922 sqft | 13,289 sqft |
| Pavement | 12,295 sqft | 2,163 sqft |
| Devegetated | 45.9% | 44.4% |

Worth Noting while the removal of the Pavement is significant but that impervious surface is replaced in part by the impervious surface from the roof, I would like to know the stormwater plans for the roof and site runoff.

Russell White moved to adjourn. Seconded by Ron Ledgett. The motion passed 5-0-0.

The Kittery Planning Board site visit of November 15, 2022 adjourned at approximately 11:00 am.
