

**Important Information
Regarding Safe
Medicine Disposal**
(Pills, Liquids, Capsules)

The University of Maine Center on Aging has a program called ***“Safe Medicine Disposal for Maine”*** available for all Maine residents. The program is to help dispose of unused and expired medicines, free and anonymously. Free mail in bags are available at licensed sites throughout Maine. This program is not intended for disposal of needles. York Hospital is our closest site for needle disposal and other medical waste.

Closest Sites:

- Kittery Police Dept, 200 Rogers Rd, Kittery, tel. 439-1638
- York Police Dept, 36 Main St, York, tel. 363-1031;

Check: www.safemeddisposal.com for a complete listing of other licensed sites. For more details on the program, brochures for ***Safe Medicine Disposal For Maine*** are available at the Kittery Solid Waste Facility.

*Thank you for keeping medicines out of our
Landfills (by not throwing them in the trash) and waste water
systems (by not flushing them down your drains).*
