

Kittery Climate Adaptation Committee
Minutes
5 PM, June 18, 2019
Kittery Town Hall, Conference Room A

- I. Present: M. Brock, D. Driscoll, J. Duffy, L. Laurin, N. Lovett, J. O'Connell; J. Spiller, C. Wake, Guests: Tom Newbold, Claire Rogers
- II. Minutes- Moved by M. Brock; Seconded by C. Wake - unanimous
- III. Organizing Committee Work – What We Need to Know
 - A. Assessments of vulnerabilities
 - Town property vulnerabilities
 - Town energy use
 - Town response to climate-related public health and safety issuesHazardous Waste site

Each subcommittee will spend the next six months identifying vulnerabilities with assistance where appropriate from Town staff and local stakeholders as a basis for reporting to Town council on areas where more information and resources/better preparation might be needed and options for efficiency, yielding cost savings.

A July 26 meeting at the Navy Yard has been scheduled to review planning around flooding including vulnerability of hazardous waste site and sewage plant

At some point, update from MEMA on FEMA

Develop a communication plan – Cameron will do first draft.
 - B. Identifying Opportunities for Funding

Committee will monitor implantation of LD 563 An Act To Help Municipalities Prepare for Sea Level Rise for town funding opportunities

Other

Beaches Conference – UNH Power Play might be used to raise awareness in Kittery

Committee will continue as named
