Town Council,

I plan to attend but in case I don't, here are my questions:

Articles 3, 5, 6, 7, 8 do not meet the \$125K Town Meeting threshold. Why are you asking?

Article 4: a lot of money! Are we anticipating a BIG grant request this year?

Article 9:

- a. Were prior Annual Maintenance checks ineffective? Why wasn't the rust noticed sooner?
- b. Are all Town vehicles undercoated to prevent surprises like this in the future?
- c. Could the Shipyard provide backup support so we could defer this expense?

School Budget Question:

- a. What section of charter requires you to ask?
- b. At 62% of our budget, you should provide some context, e.g., percent increase, major drivers, benefits?
