200 Rogers Road
Kittery, Maine 03904

November 29th, 2022
Project No. C277-22

**RE: Preliminary Site Plan Review – Request for Continuance
Well Field 44 Cannabis Dispensary (Tax Map 29, Lot 1)
41 Route 236, Kittery, Maine**

Dear Mr. Kelley:

On behalf of Well Field 44, LLC., I am requesting a continuance to the Site Plan Review application for the above-referenced project. While progress has been made with the volume of comments on this application from the third-party stormwater review, third-party wetland restoration review, and from the Planning Board meetings and Public Hearing, the Applicant requires additional time to respond adequately.

The Applicant would like to request to be placed on the agenda for the subsequent January 12th Planning Board meeting. Thank you for your consideration – please contact me for any additional information or clarifications required.

Sincerely;

Michael J. Sudak, E.I.
Staff Engineer
