TO: PLANNING BOARD
FROM: JASON GARNHAM, AICP
DIRECTOR OF PLANNING AND DEVELOPMENT
SUBJECT: **2023 PLANNING BOARD GOALS**
DATE: FEBRUARY 23, 2023
CC:

For Discussion Only:

The start of a new year brings setting of annual goals by Kittery Town Council and various boards and committees. Staff rely on expressly stated goals to prioritize and evaluate projects during the coming year. Planning Board goals typically focus on amending land use and development standards and evaluating permitting procedures to reflect community goals and needs. Identifying and correcting zoning standards that conflict with Comprehensive Plan goals are especially important. Board meeting bylaws and procedures for communication with staff may also be considered. 2022 Planning Board Action Items included review of housing-related zoning amendments, clarification of overlay zones, and review of development standards and permit processes. Many of these items remain salient but new issues may also be considered. Changes in staffing and board membership increase the relevance and importance of a goal- and action-setting effort.

2022 Planning Board Action Items

ITEM	LEAD	ACTIONS TAKEN
Review housing related zoning amendments	Staff	Future zone amendments to BL & BL-1 zones by Fall 2021. KLIC has already conducted their review. Town Council action on 9/12
Clarify interpretations on various overlay zones (Shoreland, Resource Protections, CFMU, etc.).	PB - Steve	Staff continuing to research DEP requirements, planning law, and local ordinances to determine language fixes.
Adjustments to the Cluster Development ordinance is to ensure Kittery is getting a meaningful conservation benefit from dimensional modifications.	PB - Karen	Cluster Subdivision ordinance changed to Conservation Subdivision by Planning Board. Awaiting scheduling at Town Council in September 2022
Fence ordinance	PB - Russell	Discussion at 8/25 PB meeting centered on protecting viewsheds (listed in Comp Plan) from blocking by fences.
Review of zone dimensional standards (setbacks, lot size, lot coverage, etc.).	PB - Dutch	Changes to C-1, C-3 were adopted. Changes to BL & BL-1 are under review. Changes to M-U, R-S, R-U, MU-KR are in progress with staff.
Designate areas in Kittery that are high-risk for flooding from sea level rise and increased rate of rain fall and specify the conditions for their use and development.	PB - Ron	Staff is working with Southern Maine Planning & Development Commission on climate resiliency planning. Updated floodplain management language is in the works to correspond with new FEMA maps to be adopted in 2023.
Identify and specify standards for building freeboard height and other provisions, which would extend development and building regulations to lessen vulnerability of new buildings and facilities to flooding due to sea level rise and/or increased rainfall rate.		
Incorporate accurate data from Maine Coastal Mapping Initiative for latest data for current and projected land use patterns and precipitation amounts.		
Consider prohibiting artificial hardening of estuary and river shorelines, with possible exceptions granted in the case of an imminent threat to a primary residence structure or critical public infrastructure.		

Discuss man-made wetlands and ponds.	Earldean	Updated Constructed Wetlands ordinance passed by Planning Board. Scheduled for Town Council in September 2022
Review timber harvesting regulations.	Earldean / Staff	Discussed issue with Code Enforcement Officer. Researching options.

Discussion of uses & updated use table.	Staff	Ongoing
Review and update of development processes & requirements.	Staff	Recodification addresses this subject. Ongoing analysis of newly identified issues.

TOWN COUNCIL & TOWN MANAGER ANNUAL GOALS 2023

Town Council Goals

Council Conduct

- Continue to conduct Council business respectfully as we work toward consensus and capitalize on our experiences and diversity
- Work to keep the demands we place on the Town Manager and her staff at a manageable level and maintain an open line of communication with the Manager regarding questions and demands

Affordability

- Increase housing stock for those meeting affordability guidelines:
 - Support community conversations around understanding affordable housing and its role in Kittery (3.3, 4.1, 4.2, 8.5)
 - Direct funding, where appropriate, to the Housing Fund (4.1, 4.2)
 - Ensure compliance with new state laws relative to affordable housing (aka LD2003)

Community

- Amend where necessary and appropriate, Town ordinances, policies, and practices to assure fairness, equity, and inclusion for all Kittery residents and visitors. (7.1)
 - Support the work of the Diversity, Equity, and Inclusion Committee as they identify barriers and opportunities to achieve the Town's DEI objectives.
- Continue implementation of plans to control traffic, reduce speeds in Kittery neighborhoods, including:
 - Implementation of JLUS recommendations with respect to public transportation and remote satellite parking (5.1, 5.4)
 - Implementation of bike/ped master plan recommendations (5.2, 5.3)
- Assess Memorial Field for potential improvements that will support the demand for high quality playing fields (2.2,7.2)
- Encourage broad citizen involvement in Town governance (7.1)
- Explore expanding recreation opportunities in town such as creating a skate park (2.2)

Climate Resilience

- Support adoption of a comprehensive Kittery Climate Action Plan (9.1, 9.2)
- Create a climate resilience reserve fund (9.1, 9.2)
- Support ordinances to protect the shoreland zone (8.1, 8.2)

Fiscal Responsibility and Town Services

- Adopt a budget that is progressive, responsible, responsive to community expectations and needs (7.4)
- Encourage the Town Manager's continued assessment of the effectiveness of Town service delivery (7.1)

Town Manager Goals

Support Council's efforts to implement the Comprehensive Plan 5 Year Action Plan (see Council Goals)

Develop and propose a plan for the Comprehensive Plan Update due in 2025.

Support long term planning and growth management objectives:

- Identify programs, grants, and property acquisitions that retain or increase working waterfront access (6.1, 6.2)
- Complete Gorges Road expansion project and effect the relocation of the ambulance service to the Gorges Road Fire Station
- Complete analysis of absorbing the ambulance service as a town-run function
- Complete the review and recommendation process for the Business Park Zone (formerly Mixed Use Neighborhood Zone) (3.2, 3.5)
- Assist the Kittery Water District in its State Road land use efforts (3.3)
- Implement a program to improve communication around affordable housing needs and options in Kittery (4.1, 4.2)
- Complete the sale of tax foreclosed properties and assist in the implementation of affordable housing on these properties. (4.1, 4.2)

Climate Action

- Implement building LED light conversion (9.2)
- Begin development of a comprehensive multi-year plan to reduce the carbon footprint of municipal operations in accordance with the Climate Action Plan (9.2)

Social and Racial Equity and Justice

- Continue efforts to attract a diverse candidate pool for town positions, boards, commissions, and committees (4.1, 4.2)
- Implement changes in Kittery's signage, buildings, and materials to be inclusive and welcoming to all (4.1, 4.2, 7.1, 7.2)

7 - Municipal Facilities, Services, & Fiscal Capacity	Develop a long-range plan for the library including where the library will be located (renovation and expansion on existing site, new building on another site) and whether the Library should become a Town Department. (7.2)	<ul style="list-style-type: none"> Explore possibilities and compare and contrast advantages and disadvantages of sites being considered for Library facility. Consider converting the Library to a Town Department. Support Library Director's efforts to support literacy, digitize the library's collection of photographs, and to provide support and programming for the increasing elderly population. 	
7 - Municipal Facilities, Services, & Fiscal Capacity and 8 – Land Use	Guide development to areas already served by public utilities, resulting in a more efficient and cost-effective use of these public services. (7.3) (8.1)	<ul style="list-style-type: none"> Direct new development where feasible, to vacant or underutilized sites and buildings; direct development away from areas with natural constraints, key wildlife or open space corridors, protected shorelands, and areas where public utilities are not yet available and would be costly to extend. Add utilities map to GIS. Establish efficient permitting procedures, especially in areas designated as “growth areas” in Future Land Use Plan. 	
8 – Land Use	Review, update and incorporate where appropriate, the recommendations from the Foreside Forums . Residents have expressed much enthusiasm for recent improvements in the Foreside and support for future infill development that is appropriate in scale and activity. (8.3)	<ul style="list-style-type: none"> Study the opportunities and challenges associated with the Foreside area to determine if the zoning district boundaries should change in the future. Subject: Kittery Land Use Ordinance updates - Wetland setbacks table

Hi Kathy and Jason,

Kathy, I know you have already started updating the wetland setbacks table. I have been troubled since the last discussion the Planning Board had on updating this table. The table and the present ordinances have always been based on the size of the wetland – the largest wetlands get the most protection via the largest setbacks and the smallest the least protection with smaller setbacks. This makes little sense and has led to ‘over impacting’ and filling in of valuable wetlands and creating flooding which will only become worse, especially if the projected climate changes lead to more storm events of longer duration.

It was also mentioned during that discussion that the ordinance calls for the Planning Board to review all the existing impacts as well as the reasonably predicted possible impacts to all wetlands before the Planning Board approve any new impacts that applicants are requesting for development.

I think we should change our direction and review applications for wetland impacts based on wetland function: the impacts that already exist to that wetland/wetland system and the continued ability of that wetland/wetland system to continue to function at optimum level . This would require the applicant’s proposed development plan(s) to include the entire wetland/wetland system that they are requesting to impact or to further impact. The plans would be required to show any/all existing wetland impacts to date. This would not only provide the wetland impact information needed for the town mapping data base that was discussed, but would provide the information the Planning Board needs to make proper, informed decisions and to avoid making decisions that could lead to future flooding. CMA would be requested to have a professional, with the proper credentials, review the health of each wetland based on wetland function and to assess the ability of the wetland in question to continue to process the amount of stormwater it regularly has flowing into it and to also assess any expected increase of stormwater based on predicted 50 and 100 year storms and also based on the proposed wetland impact request.

As you know, the wetland system that is presently be professionally assessed due to continued flooding of abutting properties is a very large system. Based on the present direction of Kittery Ordinance, to give large wetlands more protection than smaller wetlands via larger setbacks, did not protect that wetland system from failing due to impacts and flooding abutting properties. We need to change the way we look at and think about wetlands.

I also think we should rethink Shoreland setbacks. If the coastal flooding predicted due to sea level rise becomes a reality, allowing developments to continue to build closer to the high water mark flies in the face of sound building codes – in my opinion.

Thank you for your time.

Earldean
