PLAN REVIEW NOTES 4 Pepperell Road (Tax Map 18 Lot 45-4) Shoreland Development Plan Review

Town of Kittery Maine Town Planning Board Meeting April 22, 2021

4 Pepperell Road—Shoreland Development Plan Review

Action: Accept or deny plan as complete; continue application to a subsequent meeting, schedule site walk and/or public hearing; approve or deny plan: Pursuant to §16.7.3.3.B *Nonconforming structure repair and/or expansion* and §16.10.3.4 *Shoreland Development Review* of the Town of Kittery Land Use and Development Code, the Planning Board shall consider an after-the-fact permit application from owner/applicant Elizabeth Kirschner requesting approval to maintain a patio with an enclosed screened porch and expand a legally nonconforming dwelling unit on a legally nonconforming lot within the base zone setback of the Shoreland Overlay Zone on real property with an address of 4 Pepperrell Road, (Tax Map 18, Lot 45-4) located in the Residential-Kittery Point Village (R-KPV) Zone and the Shoreland (OZ-SL-250) and Resource Protection (OZ-RP) Overlay Zones.

PLA SHEETS. or construct	Applicant: Plan Review Notes reflect comments and recommendations regarding applicability of Town Land Use Development Code, and standard planning and development practices. Only the PB makes final decisions on code compliance and approves, approves with conditions or denies final plans. Prior to the signing of the approved Plan any Conditions of Approval related to the Findings of Fact along with waivers and variances (by the BOA) must be placed on the Final Plan and, when applicable, recorded at the York County Registry of Deeds. PLACE THE MAP AND LOT NUMBER IN 1/4" HIGH LETTERS AT LOWER RIGHT BORDER OF ALL PLAN SHEETS. As per Section 16.4.4.13 - Grading/Construction Final Plan Required Grading or construction of roads, grading of land or lots, or construction of buildings is prohibited until the original copy of the approved final plan endorsed has been duly recorded in the York County registry of deeds when applicable.						

Project Introduction

This past spring, the applicant approached the Planning Department seeking approval to expand a deck that overlooks Spruce Creek. A preliminary site plan illustrated a preexisting deck of 40-sf to be expanded by approximately 84-sf. to a total in area at 114-sf. Additionally, the applicant proposed a revegetation expansion of 58-ft to off-set the proposed deck expansion. During the course of the proposal's review, the Planning Department discovered that the existing deck attached to the house was unpermitted by Code Enforcement and presented itself as a safety hazard resulting from the deck being supported by a suspended structure (chain-links). Given the observed code violations, the applicant was compelled to remove the structure. Moreover, the deck was an unpermitted expansion of a legally nonconforming structure, pursuant to §16.7.3.3.B(3)(e)[5](a)1. Typically, the matter would have been settled at that point, but the illegal deck had a doorway leading into the house. The absence of any outdoor landing area would have created a more dangerous situation as there is a significant drop in elevation at the point of egress. Understanding this and taken into consideration that the applicant desired more sitting area space at that location, the Planning Department and Code Enforcement sought to work with the applicant to brainstorm various design conceptions that would comply with applicable zoning ordinances for that location. To the south of the proposed area of work is an

¹ Land Use and Development Code, Town of Kittery, §16.7.3.3.B(3)(e)[5][a]: For structures located less than the base zone setback from the normal high-water line of a water body, tributary stream, or upland edge of a coastal or freshwater wetland, the maximum combined total footprint for all structures may not be expanded to a size greater than 1,000 square feet, or 30% larger than the footprint that existed on January 1, 1989, whichever is greater. The maximum height of any portion of a structure that is located in the base zone setback may not be made greater than 20 feet, or the height of the existing structure, whichever is greater.

existing earthen patio area that is elevated slightly and supported by vegetation and some stonework. It was agreed upon by all parties that if something similar was constructed and no structural attachments were to be affixed and attached to the earthen patio area and the dwelling unit, it would be permitted. The idea was to create natural vegetation patio mound whose soils were supported primarily by vegetation and some stone work. At the meeting's conclusion, the applicant was instructed to come up with a plan and submit a building permit application for review.

A building permit application was submitted on June 9, 2020 stating that an 8' x 12' earth and stone patio was to be built with no further described structural attachments thereto. The applicant and Code Enforcement Officers were corresponding intermittently throughout the summer with communication tapering off by early autumn. The application remained dormant thereafter with no final inspection request submitted by the applicant. On November 12, 2020, Code Enforcement observed the construction of a stone retaining wall with an attached screen porch and subsequently filed a Notice of Violation ("NOV") to the applicant. The NOV stated that the attached screened-in structure was outside the scope of the original building permit. The applicant was directed to either remove the screened enclosure, apply for an after-the-fact shoreland development plan with the Planning Board, or appeal the NOV to the Board of Appeals ("BOA")

Analysis and Staff Commentary

The Shoreland Development Plan application before the Board seeks approval for an after-the-fact permit for a patio enclosed by a retaining wall and screened area. The applicant is requesting a wavier for §16.10.10.1.B(1) to not submit a completed shoreland development site plan, however, a preliminary survey is on file and included in the Board's packets that essentially depicts the existing and proposed conditions.

Considering the waiver request and the information in-hand, the application appears to be complete in the instance the Board were to grant a waiver from §16.10.10.1.B(1). As the Board can discern from the plan that was provided, the lot has a large devegetation rate (44.2%). This rate would not have changed if the proposed earthen patio was constructed in accordance with the parameters of the issued building permit. Nevertheless, the patio as it is currently is constituted may exceed the devegetation rate of (44.2%) by approximately 96-sf as a result of patio having an enclosed screen porch.

The inclusion of the screened enclosure affixed to the patio is in clear violation of [16.7.3.3.B(3)(e)[5](a) as it presence constitutes an expansion of a legally nonconforming structure under the base zone setback towards the high water line. This structure at the minimum should be directed to be removed.

The constitution of the patio needs to be debated by the Board. Specifically, the Board needs to decided if the patio as it is currently constructed satisfies the provisions under 16.3.2.17.D(2)(b)2. If it is decided that it does not comply with the aforementioned standard, then the Board should direct the applicant on what would be permissible, if anything at all.

In conclusion, the patio was constructed above the scope of the building permit and what was the agreed to by Town staff during their site visit with the applicant. There was a good faith effort to find a solution that would meet the needs of the applicant and the applicable zoning ordinances. Be that as it may, the evidence confirms that there are a few code violations with this application which requires a Planning Board remedy. The NOV gave the applicant the multiple recourses: remove only the screened enclosure in order to satisfy its conditions, seek approval from the Planning Board for what was built, or appeal the NOV to the BOA. Ultimately, the applicant elected to seek approval from the Planning Board for what was built.

April 15, 2021 Update

At the January 28, 2021 meeting, Ms. Kirschner was unable to communicate with the Planning Board as her microphone on her computer malfunctioned. In order to provide Ms. Kirschner with due process, the Board elected to continue the meeting to a subsequent meeting. Due to scheduling conflictions, Ms. Kirschner was unable to appear

² Land Use and Development Code, Town of Kittery, \$16.3.2.17.D(2)(b), Accessory patios or decks no larger than 500 square feet in area must be set back at least 75 feet from the normal high-water line of any water bodies, tributary streams, the upland edge of a coastal wetland, or the upland edge of a freshwater wetland. Other patios and decks must satisfy the normal setback required for principal structures in the Shoreland Overlay Zone

before the Board until now and prepared to make her case before the Board. Nothing in the Notice of Violation or application has changed since the application was last reviewed by the Board.

Planning Board Procedural Steps

After the applicant makes her presentation and with deliberation exhausted amongst the Board members, the following procedural sequence must take place:

- 1. Plan acceptance: Before the board can move on the application, a vote must occur to accept the plan.
- 2. Thereafter, the Board should determine if a site visit, public hearing, or both need to occur. If a site walk is necessary, the Board may want to consider scheduling one at their earliest convenience. As regards the public hearing, if desirable, it should be scheduled for May 27, 2021 Planning Board meeting.
- 3. If a public hearing is not elected to take place, the Board should consider the following:
 - a. Move to continue the application to a subsequent meeting if more time for consideration is required by the Board,
 - b. approve with or without conditions; or
 - c. deny the application

Recommended Motions

Below are recommended motions for the Board's use and consideration:

Motion to continue application

Move to continue the shoreland development plan application to the February 14, 2021 Planning Board meeting from owner/applicant Elizabeth Kirschner requesting approval to maintain a patio with an enclosed screened porch and expand a legally nonconforming dwelling unit on a legally nonconforming lot within the base zone setback of the Shoreland Overlay Zone on real property with an address of 4 Pepperrell Road, (Tax Map 18, Lot 45-4) located in the Residential-Kittery Point Village (R-KPV) Zone and the Shoreland (OZ-SL-250) and Resource Protection (OZ-RP) Overlay Zones.

Motion to schedule a site walk

Move to schedule a site walk on ______, 2021, for a shoreland development plan application from owner/applicant Elizabeth Kirschner requesting approval to maintain a patio with an enclosed screened porch and expand a legally nonconforming dwelling unit on a legally nonconforming lot within the base zone setback of the Shoreland Overlay Zone on real property with an address of 4 Pepperrell Road, (Tax Map 18, Lot 45-4) located in the Residential-Kittery Point Village (R-KPV) Zone and the Shoreland (OZ-SL-250) and Resource Protection (OZ-RP) Overlay Zones.

Motion to schedule public hearing

Move to schedule a public hearing on the May 27, 2021 Planning Board meeting for a shoreland development plan application from owner/applicant Elizabeth Kirschner requesting approval to maintain a patio with an enclosed screened porch and expand a legally nonconforming dwelling unit on a legally nonconforming lot within the base zone setback of the Shoreland Overlay Zone on real property with an address of 4 Pepperrell Road, (Tax Map 18, Lot 45-4) located in the Residential-Kittery Point Village (R-KPV) Zone and the Shoreland (OZ-SL-250) and Resource Protection (OZ-RP) Overlay Zones.

Motion to approve with conditions

Move to approve the shoreland development plan application from owner/applicant Elizabeth Kirschner requesting approval to maintain a patio on legally nonconforming lot within the base zone setback of the Shoreland Overlay Zone on real property with an address of 4 Pepperrell Road, (Tax Map 18, Lot 45-4) located in the Residential-Kittery Point Village (R-KPV) Zone and the Shoreland (OZ-SL-250) and Resource Protection (OZ-RP) Overlay Zones with the following conditions:

- 1. Applicant shall remove the enclosed screen porch;
- 2. Applicant shall demonstrate to the Code Enforcement Office that no expansion of a nonconforming structure has occurred; and

3. Applicant shall comply with the June 9, 2020 building permit conditions.

Motion to deny

Move to deny the shoreland development plan application from owner/applicant Elizabeth Kirschner requesting approval to maintain a patio with an enclosed screened porch and expand a legally nonconforming dwelling unit on a legally nonconforming lot within the base zone setback of the Shoreland Overlay Zone on real property with an address of 4 Pepperrell Road, (Tax Map 18, Lot 45-4) located in the Residential-Kittery Point Village (R-KPV) Zone and the Shoreland (OZ-SL-250) and Resource Protection (OZ-RP) Overlay Zones.

1. The applicant shall remove the screened porch, patio and stonewall as currently configured and comply with all other necessary actions enumerated within the Notice of Violation, dated November 12, 2020.

Kittery Planning Board Findings of Fact For 4 Pepperell Road Shoreland Development Plan Review

UNAPPROVED M18 L45-4

WHEREAS: owner/applicant Elizabeth Kirschner requesting approval to maintain a patio with an enclosed screened porch and expand a legally nonconforming dwelling unit on a legally nonconforming lot within the base zone setback of the Shoreland Overlay Zone on real property with an address of 4 Pepperrell Road, (Tax Map 18, Lot 45-4) located in the Residential-Kittery Point Village (R-KPV) Zone and the Shoreland (OZ-SL-250) and Resource Protection (OZ-RP) Overlay Zones.

REQ'D	ACTION	COMMENTS	STATUS
No	Sketch Plan	Not pursued	Not pursued
No	Site Visit	At the Board's discretion	To be determined— PB discretion
Yes	Completeness/Acceptance	1/28 (cont.);4/22/21	Ongoing
No	Public Hearing	At the Board's discretion	To be determined— PB discretion
Yes	Plan Approval	May be held at the 4/22/21 meeting	Pending

And pursuant to the application and plan and other documents considered to be a part of a plan review decision by the Planning Board in this Finding of Fact consisting of the following (hereinafter the "Plan"):

1. Shoreland Development Plan Application, dated 12/22/2020

NOW THEREFORE, based on the entire record before the Planning Board and pursuant to the applicable standards in the Land Use and Development Code, the Planning Board makes the following factual findings and conclusions:

FINDINGS OF FACT

Chapter 16.3 LAND USE ZONE REGULATIONS

16.3.2.17.D(1)(d)

Standard: *The total footprint of devegetated area must not exceed 20% of the lot area located within the Shoreland Overlay Zone, except in the following zones:*

[1] Mixed-Use – Badgers Island (MU-BI) and Mixed-Use – Kittery Foreside (MU-KF) Zones, where the maximum devegetated area is 60%. The Board of Appeals may approve a miscellaneous appeal application to increase allowable devegetated area in the Mixed-Use – Badgers Island (MU-B1) Zone to 70% where it is clearly demonstrated that no practicable alternative exists to accommodate a water-dependent use.

[2] Commercial (C1, C-2, C-3), Business – Local (B-L and B-L1) and Industrial (IND) Zones where the maximum devegetated area is 70%.

[3] Residential – Urban (R-U) Zone where the lot is equal to or less than 10,000 square feet, the maximum devegetated area is 50%.

Findings: The proposed shoreland development application depicts a pre-existing devegetation rate of 44.2%, however, the patio with the enclosed screen porch would exceed that devegetation rate.

Accordingly, the applicant shall remove the screened porch, patio and stonewall in order to come into compliance with this standard.

Conclusion: The standard appears to be unfulfilled until remedial actions are taken.

Vote: _____ in favor ____ against ____ abstaining

16.3.2.17.D(2)(b)

Standard: Accessory patios or decks no larger than 500 square feet in area must be set back at least 75 feet from the normal high-water line of any water bodies, tributary streams, the upland edge of a coastal wetland, or the upland edge of a freshwater wetland. Other patios and decks must satisfy the normal setback required for principal structures in the Shoreland Overlay Zone.

Findings: The proposed shoreland development application proposes a patio that is below the 75-ft setback and is made of materials and constructed in a manner that was not permitted under the June 9, 2020 building permit. The applicant shall reconstruct the patio that complies with said building permit.

Conclusion: The standard appears to be unfulfilled until remedial actions are taken.

Vote: ______ in favor _____ against ____ abstaining

Chapter 16.7 GENERAL DEVELOPMENT REQUIREMENTS Article III Nonconformance

16.7.3.1 Prohibitions and Allowances

Standard: A. Except as otherwise provided in this Article, a nonconforming condition must not be permitted to become more nonconforming

Finding: The applicant is proposing an expansion to a legally nonconforming structure that does not comply with the standards within the Article and creates greater nonconformity.

Conclusion The requirement appears to be unfulfilled until remedial actions are taken.

Vote: in favor against abstai	ning
-------------------------------	------

16.7.3.3.B(3)(e)[5][a]

Standard: For structures located less than the base zone setback from the normal high-water line of a water body, tributary stream, or upland edge of a coastal or freshwater wetland, the maximum combined total footprint for all structures may not be expanded to a size greater than 1,000 square feet, or 30% larger than the footprint that existed on January 1, 1989, whichever is greater. The maximum height of any portion of a structure that is located in the base zone setback may not be made greater than 20 feet, or the height of the existing structure, whichever is greater.

Finding: The applicant is proposing an expansion of the legally nonconforming dwelling unit by 96-sf, below the base zone setback of the Kittery Point Village (R-KPV) zoning district. This is an unpermitted expansion. All proposed expansions of the nonconforming structure shall be deconstructed and removed from the property.

Conclusion The requirement appears to be unfulfilled until remedial actions are taken.

Vote: _____ in favor _____ against ____ abstaining

Chapter 10 DEVELOPMENT PLAN APPLICATION AND REVIEW Article X Shoreland Development Review

16.10.10.2 Procedure for Administering Permits

D. An application will be approved or approved with conditions if the reviewing authority makes a positive finding based on the information presented. It must be demonstrated the proposed use will:

Standard: 1. Maintain safe and healthful conditions;

Finding: The proposed application as represented in the plans and application does not appear to have an adverse impact.

Conclusion: This requirement appears to be met.

 Vote: ____ in favor ___ against ___ abstaining

 Standard: 2. Not result in water pollution, erosion or sedimentation to surface waters;

Finding: The proposed application appears to be designed in a manner that does not result in an increase of water pollution, erosion, or sedimentation to surface waters

Conclusion: This requirement appears to be met.

	Vote:	_ in favor	_ against	_ abstaining
Standard: 3. Adequately provide for the disposal of all was	stewater;			

Finding: The proposed application does not include an increase in the number of bedroom units, thereby not requiring an upgrade to the subsurface wastewater disposal system at this time.

Conclusion: This requirement is inapplicable

Vote: _____ in favor ____ against ____ abstaining

Standard: 4. Not have an adverse impact on spawning grounds, fish, aquatic life, bird or other wildlife habitat;

Finding: The proposed application does not appear to have an adverse impact.

Conclusion: This requirement appears to be met.

Vote: _____ in favor ____ against ____ abstaining

Standard: 5. Conserve shore cover and visual, as well as actual points of access to inland and coastal waters;

Finding: The proposed application does not appear to have an adverse impact on shore cover, visual cover and points of access to inland and coastal waters

Conclusion: This requirement appears to be met.

Vote: _____ in favor ____ against ____ abstaining)

Standard: 6. Protect archaeological and historic resources;

Finding: There appears to be no archaeological and historical resources located on the lot.

Conclusion: This requirement is not applicable

Vote: ____ in favor ____ against ____ abstaining

Standard: 7. Not adversely affect existing commercial fishing or maritime activities in a commercial fisheries/maritime activities district;							
Finding: The proposed application does not appear to have an adverse impact on commercial fishing and maritime activities om the commercial/maritime activities district.							
Conclusion: This requirement appears to be met.							
Vote: in favor against abstaining							
Standard: 8. Avoid problems associated with floodplain development and use;							
Finding: Portions of the property are located in the FEMA Flood Zone (AE-100 year). The proposed patio appears to be outside this zone. Accordingly, the proposed expansion does not appear to have an impact on the current floodplain or flood-prone area.							
Conclusion: This requirement appears to be met.							
Vote: in favor against abstaining							
Standard: 9. Is in conformance with the provisions of this code;							
Finding: The proposed development does not comply with the applicable standards of Title 16.							
Conclusion: This requirement has not been met.							
Vote: in favor against abstaining							
Standard: 10. Be recorded with the York county Registry of Deeds.							
Finding: the Planning Board waived the requirement for a shoreland development site plan, thus no							
plan will be recorded at the York County Registry of Deeds.							
Conclusion: This standard appears to be met.							
Vote: in favor against abstaining							

NOW THEREFORE the Kittery Planning Board adopts each of the foregoing Findings of Fact and based on these Findings determines the proposed Development must be denied for lack of compliance with Title 16.

Waivers: (TBD)

1. §16.10.10.1.B(1)

Conditions of Decision

2. The applicant shall remove the screened porch, patio and stonewall as currently configured and comply with all other necessary actions enumerated within the Notice of Violation, dated November 12, 2020.

Vote: _____ in favor ____ against ____ abstaining

Dave Evans Town of Kittery Planning and Development Department 200 Rogers Road Kittery, ME 03904

Dear Dave Evans,

I'm writing in regards to the town's objection to my back patio, per our discussion. From what I understand, it's the screens and corrugated roof that seem to be the problem, neither of which can be considered a "permanent structure."

The patio, of course, is a permanent structure as it was built in accordance to everything we discussed when you and two other town members visited the property last spring.

Constructed of stone and earth, Peter Garland, my builder, even built the silt socks which surround the base such that no water can leach into Spruce Creek. I then added additional plantings to "hold" the soil.

As you know, I ripped out a third of my driveway to create more gardens, hence revegetating as I went along. All this was done, at considerable expense, beginning with the property survey, which was conducted last spring. If I understand correctly, the issue concerns the permit, which Peter pulled for me as I had trouble accessing the application on-line. I assure you, and the town, that the patio would not have been screened in, nor the corrugated roof added, if we believed we were not in accordance. The reason is obvious: the back of my house is highly visible; nothing can be hid.

Both Peter and I have a vivid recollection of asking very specific questions regarding the project as it was extremely important to both us that everything be in compliance, hence we acted in good faith and it seems to me that good faith is extremely valuable and necessary, especially in lieu of the ongoing pandemic.

I will, per your recommendation, fill out the application for a post-project Planning Board review. It is my hope that the project will be approved, as is.

The back patio is a modest, but lovely addition to my home, a home I've always wanted to keep "right-sized" and in accordance with its beautiful surroundings.

As I'm now 65, my hope is stay in and care for this property as long as I am able. I love Kittery Point, and as a tax-paying citizen, I would never willfully violate anything that would affect the environment I live in. It's simply too precious, this place and our wonderful community.

Respectfully yours,

Elizabelle Diis chun

NOTICE OF VIOLATION AND ORDER TO ABATE

November 12, 2020

Elizabeth Kirschner C/O Verrill; Attn. Kenneth Doran 1 Portland Square Portland, ME 04101

Location: 4 Pepperrell Road #4, Kittery Point, ME 03905 Tax Map 18 Lot 45-4

Dear Ms. Kirschner,

TAKE NOTICE that it has come to the attention of the Code Enforcement Office, through observations made from adjacent properties and the right-of-way that the patio constructed on the property in the summer of 2020 was built beyond the scope of the building permit and is now considered an unpermitted enclosed patio. A list of violations is attached as Exhibit A.

Pictures taken of the violation on or about November 12, 2020 are included as Exhibit B. These pictures show that presence of the enclosed patio, which was built beyond the scope of the original building permit issued on August 17, 2020. The building permit and record of the permit is included as Exhibit C.

Due to the nature of the violations, you are hereby ordered to either remove the structure within 30 days of receipt of this letter including the roof and walls of the enclosed patio; or, you may seek after-the-fact Planning Board Approval and must submit a completed application to appear before the Planning Board within 30 days of receipt of this letter. Failure to comply within 30 days will result in fines assessed in accordance with § 16.4.5.I(1)(a):

Fine imposed: \$200 for the first seven-day period the violation continues beyond the time specified for corrective action. Thereafter, each day the violation continues, a separate violation with an additional minimum of \$100 per day penalty for each day of the continuing violation up to a maximum penalty imposed of \$2,500 for each specific violation, or the maximum as provided by 30-A M.R.S. § 4452, if greater.

You may appeal this decision by Administrative Appeal to the Board of Appeals within 30 days of the date of this letter pursuant to Town Code §16.6.4.A and §16.6.5.A.

Sincerely,

David Evans Assistant Code Enforcement Officer 200 Rogers Road Kittery, Maine 03904 207-475-1305

EXHIBIT A

ORDINANCE VIOLATION LIST

Code Cite	Code Provision	Observation
Town Code 16.5.2.A	Permit. No building, including municipal buildings, or structure may be erected, moved, added to or otherwise structurally altered and no regulated activity is to commence without a permit, issued by the Code Enforcement Officer and in compliance with all applicable state and federal requirements.	Enclosed patio located where only an open patio was permitted. Enclosure of the patio is beyond the scope of the issued building permit.
Internationa 1 Building Code 2015 R105.3	 Application for permit. To obtain a permit, the applicant shall first file an application therefor in writing on a form furnished by the department of building safety for that purpose. Such application shall: 1. Identify and describe the work to be covered by the permit for which application is made. 	Enclosed patio was not part of the submitted plan to build a patio
