Subject: Contact the Town Planner

Message:

Hello Kittery Planning Board. Please include my following helpful comments under public input section early in this meeting, and read aloud for the record, thank you. We Kitter, Maine residents are highly concerned about the lack of caring and protection of our last remaining wildlife, birds, and fish. Our ECOSYSTEM is in danger. We need planning to include more restrictions touching or damaging or removing trees, bushes, infringing upon our waterways, streams, and wildlife. Stop responding only to the wants of people, BUT fairly aim to protect our diminishing wildlife in every aspect always during all planning process. Nothing man made is as beautiful as nature. Be brave to reject plans or force changes to developments which tamper with the lives & homes of birds, and all wildlife. Hear their SCREAMS for survival. Ancient trees, birds, fish, deer & other species can't reach you tonight, so I speak for them.

Please heed for Kittery, Maine's co-existence with other native species to prevail. Respect our native trees & greenery in every plan which comes before you and other Kittery boards. We are shocked by the infringement & destruction upon our small remaining wetlands in Admiralty Village. Conservation boards have to begin to live up to their names, & care, & be brave to protect every form and inch of Kittery's remaining nature. We don't understand how you had the audacity to let destroy native trees replaced by getto style land developments. Stop putting our wildlife into extinction.

Our local ecosystem is being damaged and you have to stop it. TRY. thank you,

==Please provide the following information==

Your Name: Suzanne Suzy Courage Johnson

Your E-mail Address: sejact@gmail.com

Organization: hundreds of years descendant of Kittery's first inhabitants.

Phone Number:

==Address==

Street: maine

City: 13 Cromwell Street

State: Maine

Zipcode: 03804
