The Town Council is seeking to appoint an ad hoc committee that represents diverse experiences, voices, and interest in assisting the Town assess the passive recreation needs and interests of Kittery's youth and recommend next steps to implement solutions that address those needs. The ad hoc committee will conduct its work over the next 8 to 12 months, and conclude with recommended actions steps for the Kittery Community Center Board of Directors, Rice Library Advisory Committee, School Department, and Town Council. Please respond the questions below.

Please feel free to attach a separate piece of paper if additional space is needed.

1. Why are you interested in participating in the Youth Ad Hoc Committee?

Sports and recreation were a fundamental part of my own youth and helped shape me into the adult I am today. The value of recreation and camaraderie go a lot further than many may realize, whether it's keeping the youth out of trouble or providing social and teamwork skills that will come in handy in adulthood. Sports and recreation were so impactful to me that I would like to ensure the current youth the same or even greater opportunity to enjoy, learn from, and grow with valuable experiences from recreational activities. I also have a child and another on the way so I am personally motivated to provide a top notch recreational facet of the town of Kittery.

2. How do you think the Ad Hoc Committee should approach the challenge of developing recommendations where there are a broad range of needs, ideas, and opinions on passive youth recreation opportunities?

I would consider gathering all recommendations, maybe via a central email or recommendation funnel, and sorting through and grouping them as a committee into separate subject correlations. Once organized and general recommendation summaries are known, discuss and decipher how to satisfy as many needs as possible. In other words, I would suggest coming up →

With recommendations to fulfill and encompass as many needs, ideas, and opinions as possible. There may not be one perfect solution, but I would work to satisfy as much of what is requested as possible. Would listen to and consider all opinions to ensure what is provided is actually what was sought after.

3. How do you see yourself contributing to the Youth Ad Hoc Committee's work?

Not only do I think I could provide helpful thoughts and suggestions, but I would be a very active member for the committee. Not only physically active i.e. attending events to ensure success, but also always working to further the quality of recreation for Kittery's youth. I can use /make connections with the youth and families of Kittery to ensure the committee's awareness on the town's recreational wants/needs.

4. Are you a Registered Voter of the Town of Kittery? Yes No

1. Why are you interested in participating in the Youth Ad Hoc Committee?

I have been a long time youth advocate, both as an educator and social worker. I have an interest in healthy options for our youth and would like to be part of our town's efforts in providing services that meet the needs of All of our youth.

2. How do you think the Ad Hoc Committee should approach the challenge of developing recommendations where there are a broad range of needs, ideas, and opinions on passive youth recreation opportunities?

I think we need to gather information from our youth (and adults) to determine what the needs are and what is missing now, what "population" is not currently being served ~ From there, we can see

What is feasible to offer. What is available now?
What is working?

3. How do you see yourself contributing to the Youth Ad Hoc Committee's work?

I think I could be a productive member of this team. My background can aid the group as I have a strong ~~to~~ history of working with youth + I work hard to create equitable options for all.

4. Are you a Registered Voter of the Town of Kittery?

Yes No

(of course 😊)

Title 30-A: MUNICIPALITIES AND COUNTIES

§2605. Conflicts of interest

1. Voting. The vote of a body is voidable when any official in an official position votes on any question in which that official has a direct or an indirect pecuniary interest.

4. Direct or indirect pecuniary interest. In the absence of actual fraud, an official of a body of the municipality, county government or a quasi-municipal corporation involved in a question or in the negotiation or award of a contract is deemed to have a direct or indirect pecuniary interest in a question or in a contract where the official is an officer, director, partner, associate, employee or stockholder of a private corporation, business or other economic entity to which the question relates or with which the unit of municipal, county government or the quasi-municipal corporation contracts only where the official is directly or indirectly the owner of at least 10% of the stock of the private corporation or owns at least a 10% interest in the business or other economic entity.

When an official is deemed to have a direct or indirect pecuniary interest, the vote on the question or the contract is not voidable and actionable if the official makes full disclosure of interest before any action is taken and if the official abstains from voting, from the negotiation or award of the contract and from otherwise attempting to influence a decision in which that official has an interest. The official's disclosure and a notice of abstention from taking part in a decision in which the official has an interest shall be recorded with the clerk or secretary of the municipal or county government or the quasi-municipal corporation.

A. This subsection does not prohibit a member of a city or town council or a member of a quasi-municipal corporation who is a teacher from making or renewing a teacher employment contract with the municipality or quasi-municipal corporation for which the member serves.

6. Avoidance of appearance of conflict of interest. Every municipal and county official shall attempt to avoid the appearance of a conflict of interest by disclosure or by abstention.
