Recreation for All

TOGETHER WE CAN CREATE RECREATION FOR ALL

The Town of Kittery's goal is to provide opportunities for passive and active recreation that appeal to all ages, celebrate and utilize valuable open/green space, and contribute to the health, wellness and spirit of the community.

WHAT ARE YOUR FUNDING PRIORITIES?

The plans developed include concepts and ideas to improve and increase community usage, parking and flow, materials, amenities and more. We need to understand where your funding priorities lie for these concepts to help guide next steps.

Memorial Field Project

Existing Conditions

Issues

- Deteriorated Conditions
- Safety
- Overuse
- Lack of Parking
- Lack of ADA Accessibility

Summary Form

Name of Venue

Address: 70 Old Post Road, Kittery, ME 03904

Size: Four Athletic Fields

General Description: Athletic Fields

Date of Evaluation: 3/24/2023

Facility Type and Grades:

General Site Conditions	1.40
Multi-Purpose Rectangular Field	2.00
Baseball/Softball Field	2.00
Average Score	1.80

Overall Grade:	1.8
----------------	-----

Grading Legend of Field Conditions

1 = Inadequate

2 = Poor

3 = Good

General Site Conditions:

Score	N/A	Poor (1)	Fair (2)	Good (3)	Excellent (4)
Safety and Security (site lighting, fencing, play surfacing/structures, etc.)			X		
Appearance (welcoming entrance, landscaping/natural surface, special element, e.g. spray park, social gathering space, etc.)		X			
General Accessibility (condition of walkways, legibility of signage, clarity of rules, trip hazards, bike corrals)		X			
ADA Compliance (walkways, ramps at appropriate grades, ADA Parking, gates restrooms and equipment accessible)		X			
Equipment & Serviceability (furnishings, play structures, water fountain, buildings, restrooms, furnishings, trash and recycling bins, sports equipment, site drainage, athletic lighting)			X		
Average Score =		1.4			

Photo 2: View of dips and heaves in the football field playing surface.

Photo 6: View of spectator seating with no accessible path or parking.

Photo 4: View of the drop in elevation between the outfield and infield.

Photo 8: The left field dugout is in fair condition, is not ADA accessible, and shows evidence of ponding.

Photo 3: View of large bare spots and evidence of significant ponding along the foul line of right field.

Existing Field Uses by Each Organization

Exceeding Max Use > 250 yearly uses

Recommended Use <200 yearly uses

Notes:

- Uses do not reflect demand from Lacrosse and Middle School sports for Field 1 and 2

Field Deficit Data – Based on Equivalent Use

Use Type	Total Uses	Ave Use per Field	Total Fields Needed	Total Fields Needed Rounded	Current No. of Fields	Field Deficit
Field 1	293	293	1.2	2	1	1
Field 2	341	341	1.4	2	1	1
Fields 3 & 4	668	334	2.7	3	2	1
Total				7	4	3

Notes: Fields needed and field deficit are based on natural grass. Data does not include demand for use of Field 1 and 2 by Lacrosse and Middle School.

Memorial Field Project

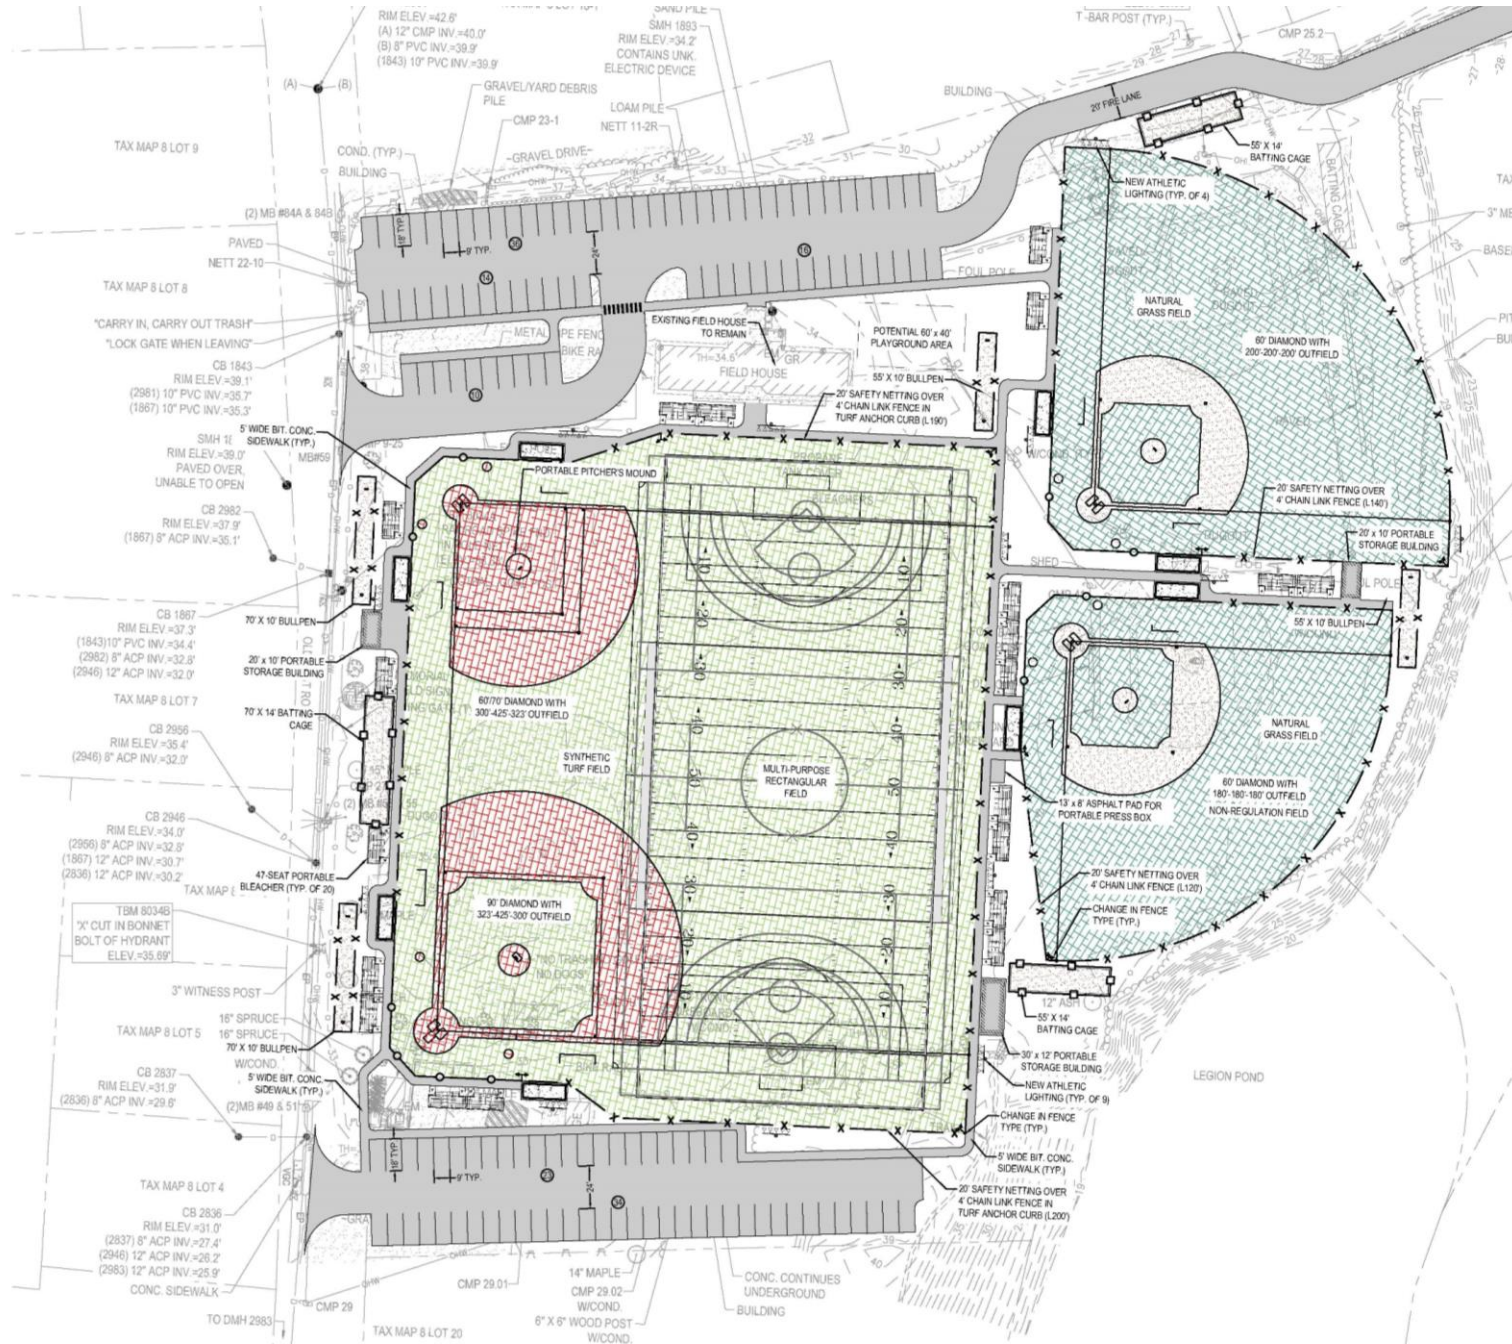

Future Design Concept

Priority needs stressed by stakeholders

- Athletic lighting and turf
- Provide additional amenities (locker rooms, storage, bullpens/batting cages, playground, concessions)
- Improve and expand parking
- Provide a state-of-the-art athletic facility that provides equal opportunities for all high school and youth sports
- Accommodate field-use demand and address field overuse and field-condition deficiencies

Memorial Field Concept Design

RECTANGULAR FIELD STRIPING LEGEND

- FOOTBALL - 160' X 360'
- XFL - 190' X 330'
- FS LACROSSE - 180' X 330'
- MENS LACROSSE - 180' X 360'
- JD HOCKEY - 180' X 300'

One synthetic turf field with lights provides the use equivalent to three (3) natural grass fields

- Lights extend use each day
- Turf is far better at standing up to heavy, repeated use without damage.
- Artificial Turf needs lower rest in between uses to “heal”
- Minimal hidden rocks, patches of hard dirt, and surface inconsistencies that can quickly lead to player injuries and facility liability risks.
- Multipurpose field allows games for Football, Field Hockey, Men’s Lacrosse, Women’s Lacrosse, and Soccer,

Spring Thaw/Mud

- Artificial Turf – Open for use
- Natural Grass – Closed for use

Rain

- Artificial Turf – Open until conditions become unsafe for play
- Natural Grass – Closed

Thunderstorm

- Artificial Turf – Closed until storm passes (unless field becomes saturated)
- Natural Grass – Closed

Snow or Ice

- Artificial Turf – Open after snow is cleared or ice drains naturally
- Natural Grass – Closed

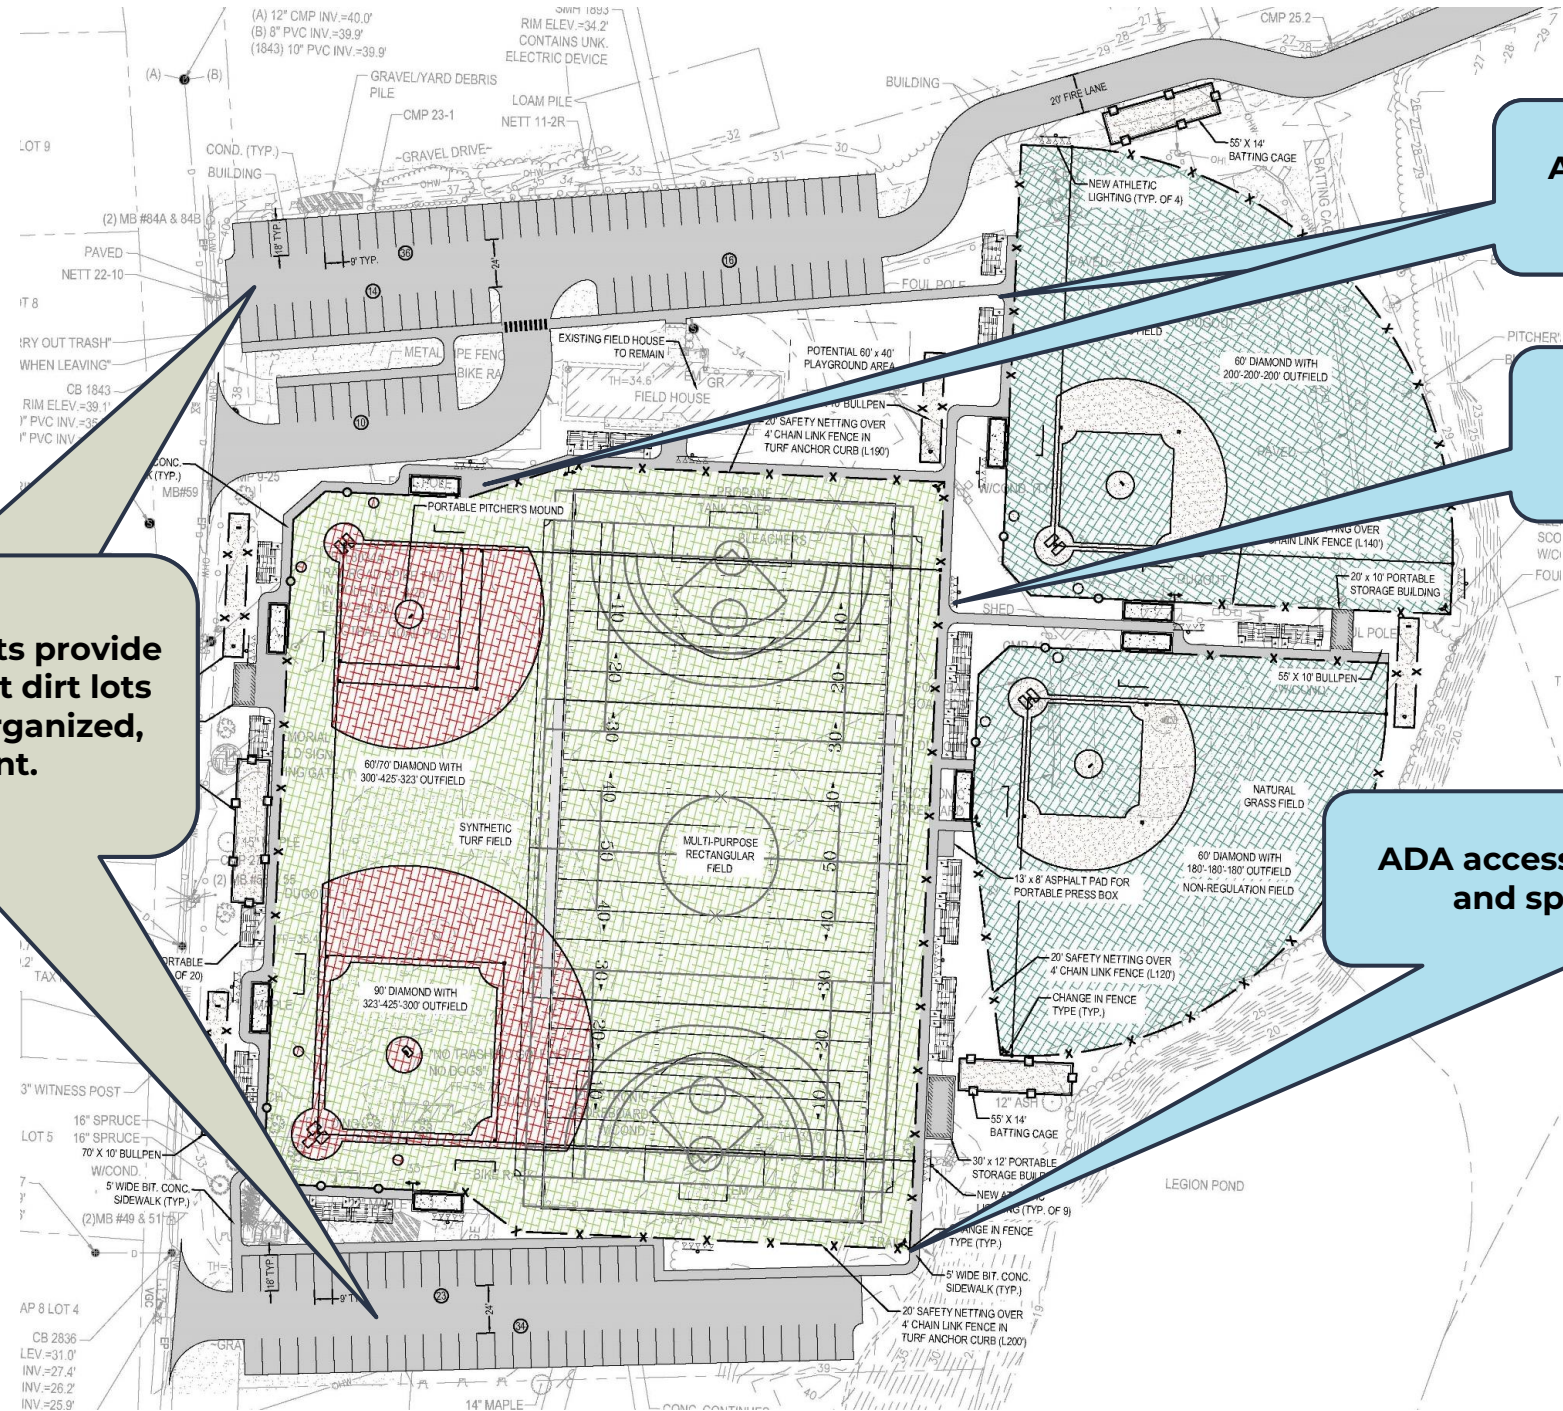

Improved Parking Lots provide 123-133 spots. Current dirt lots are congested, disorganized, and insufficient.

ADA accessibility to all fields and spectator areas

ADA accessibility to all fields and spectator areas

ADA accessibility to all fields and spectator areas

Memorial Field Concept Design

-  **New Athletic Lighting**
-  **Storage Shed**
-  **Portable Bleachers**

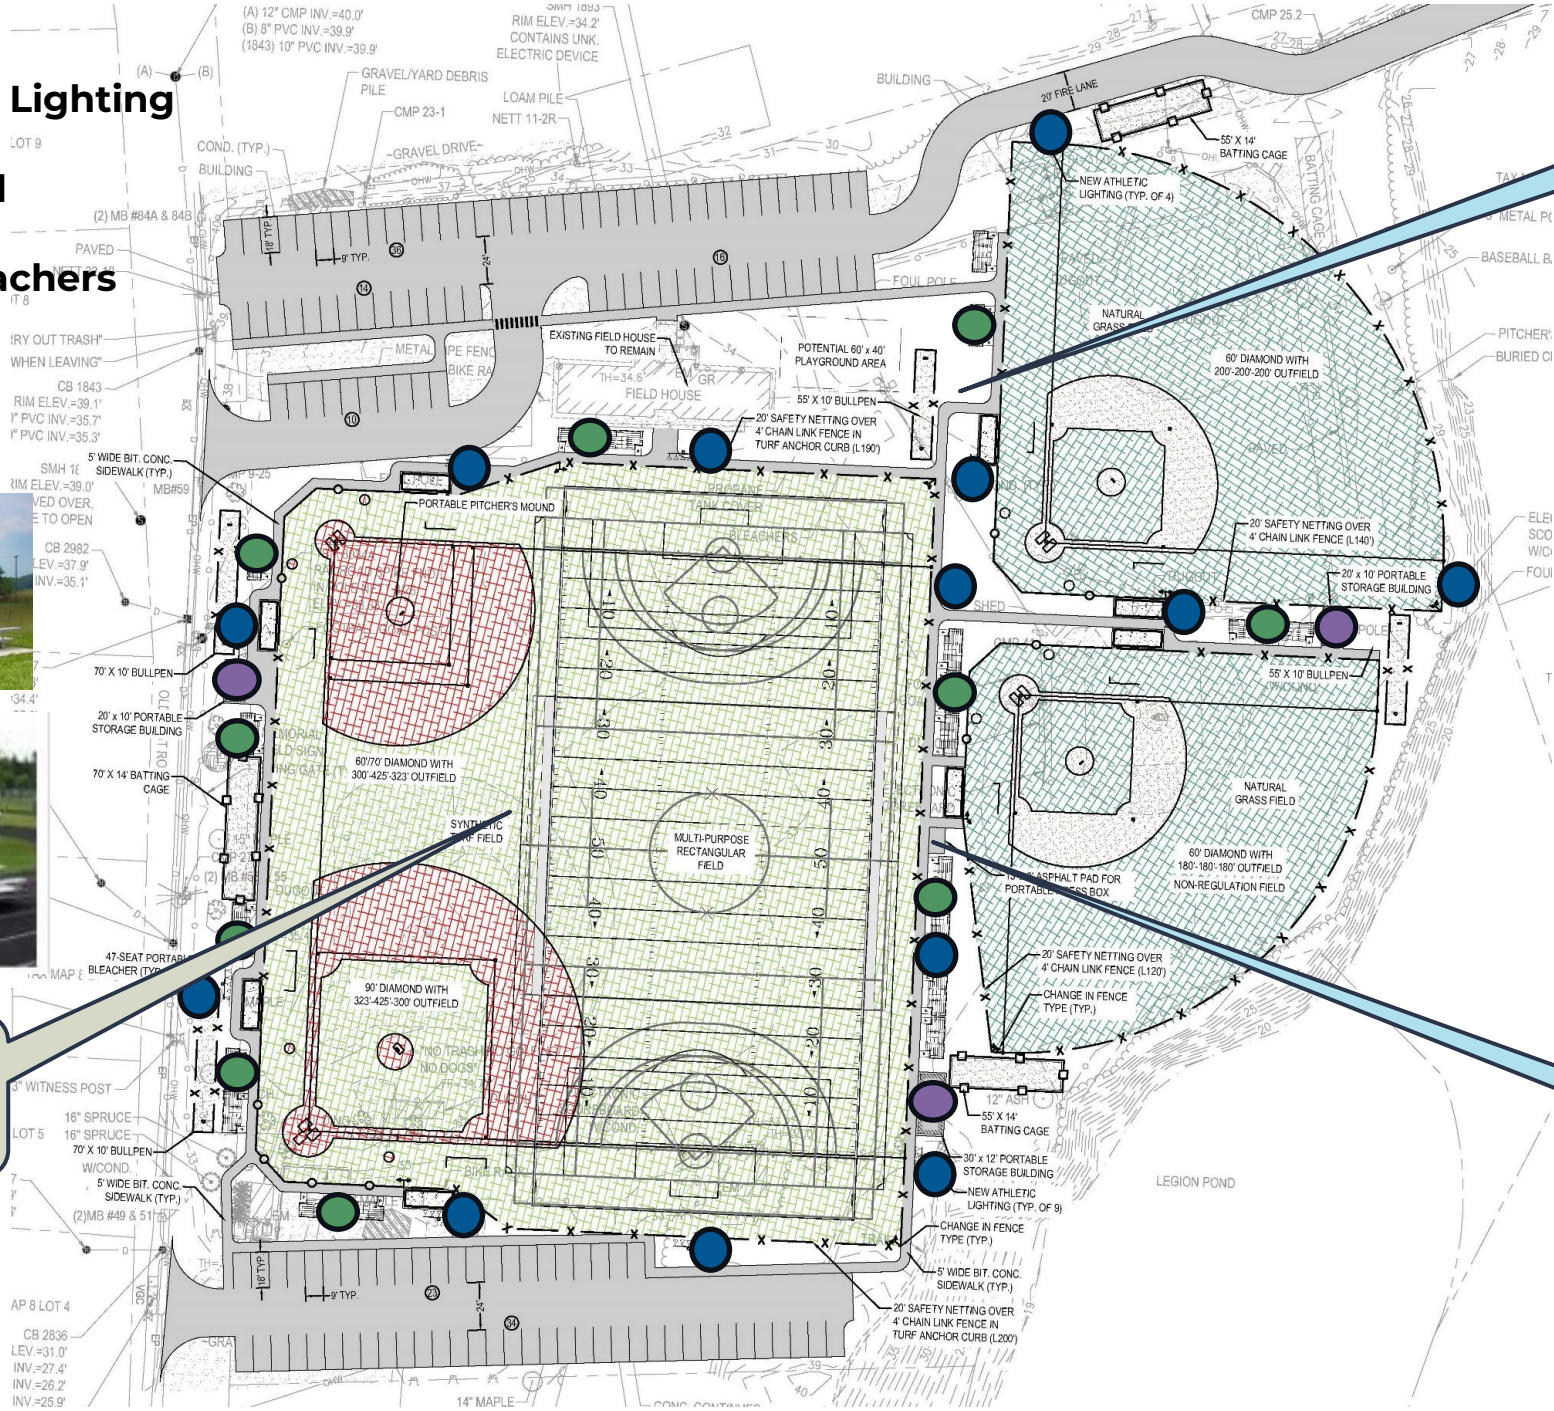

**Proposed
Playground**

Press Box

**Portable bleachers
can be moved to
mid field for
spectator viewing**

RECREATION FOR ALL

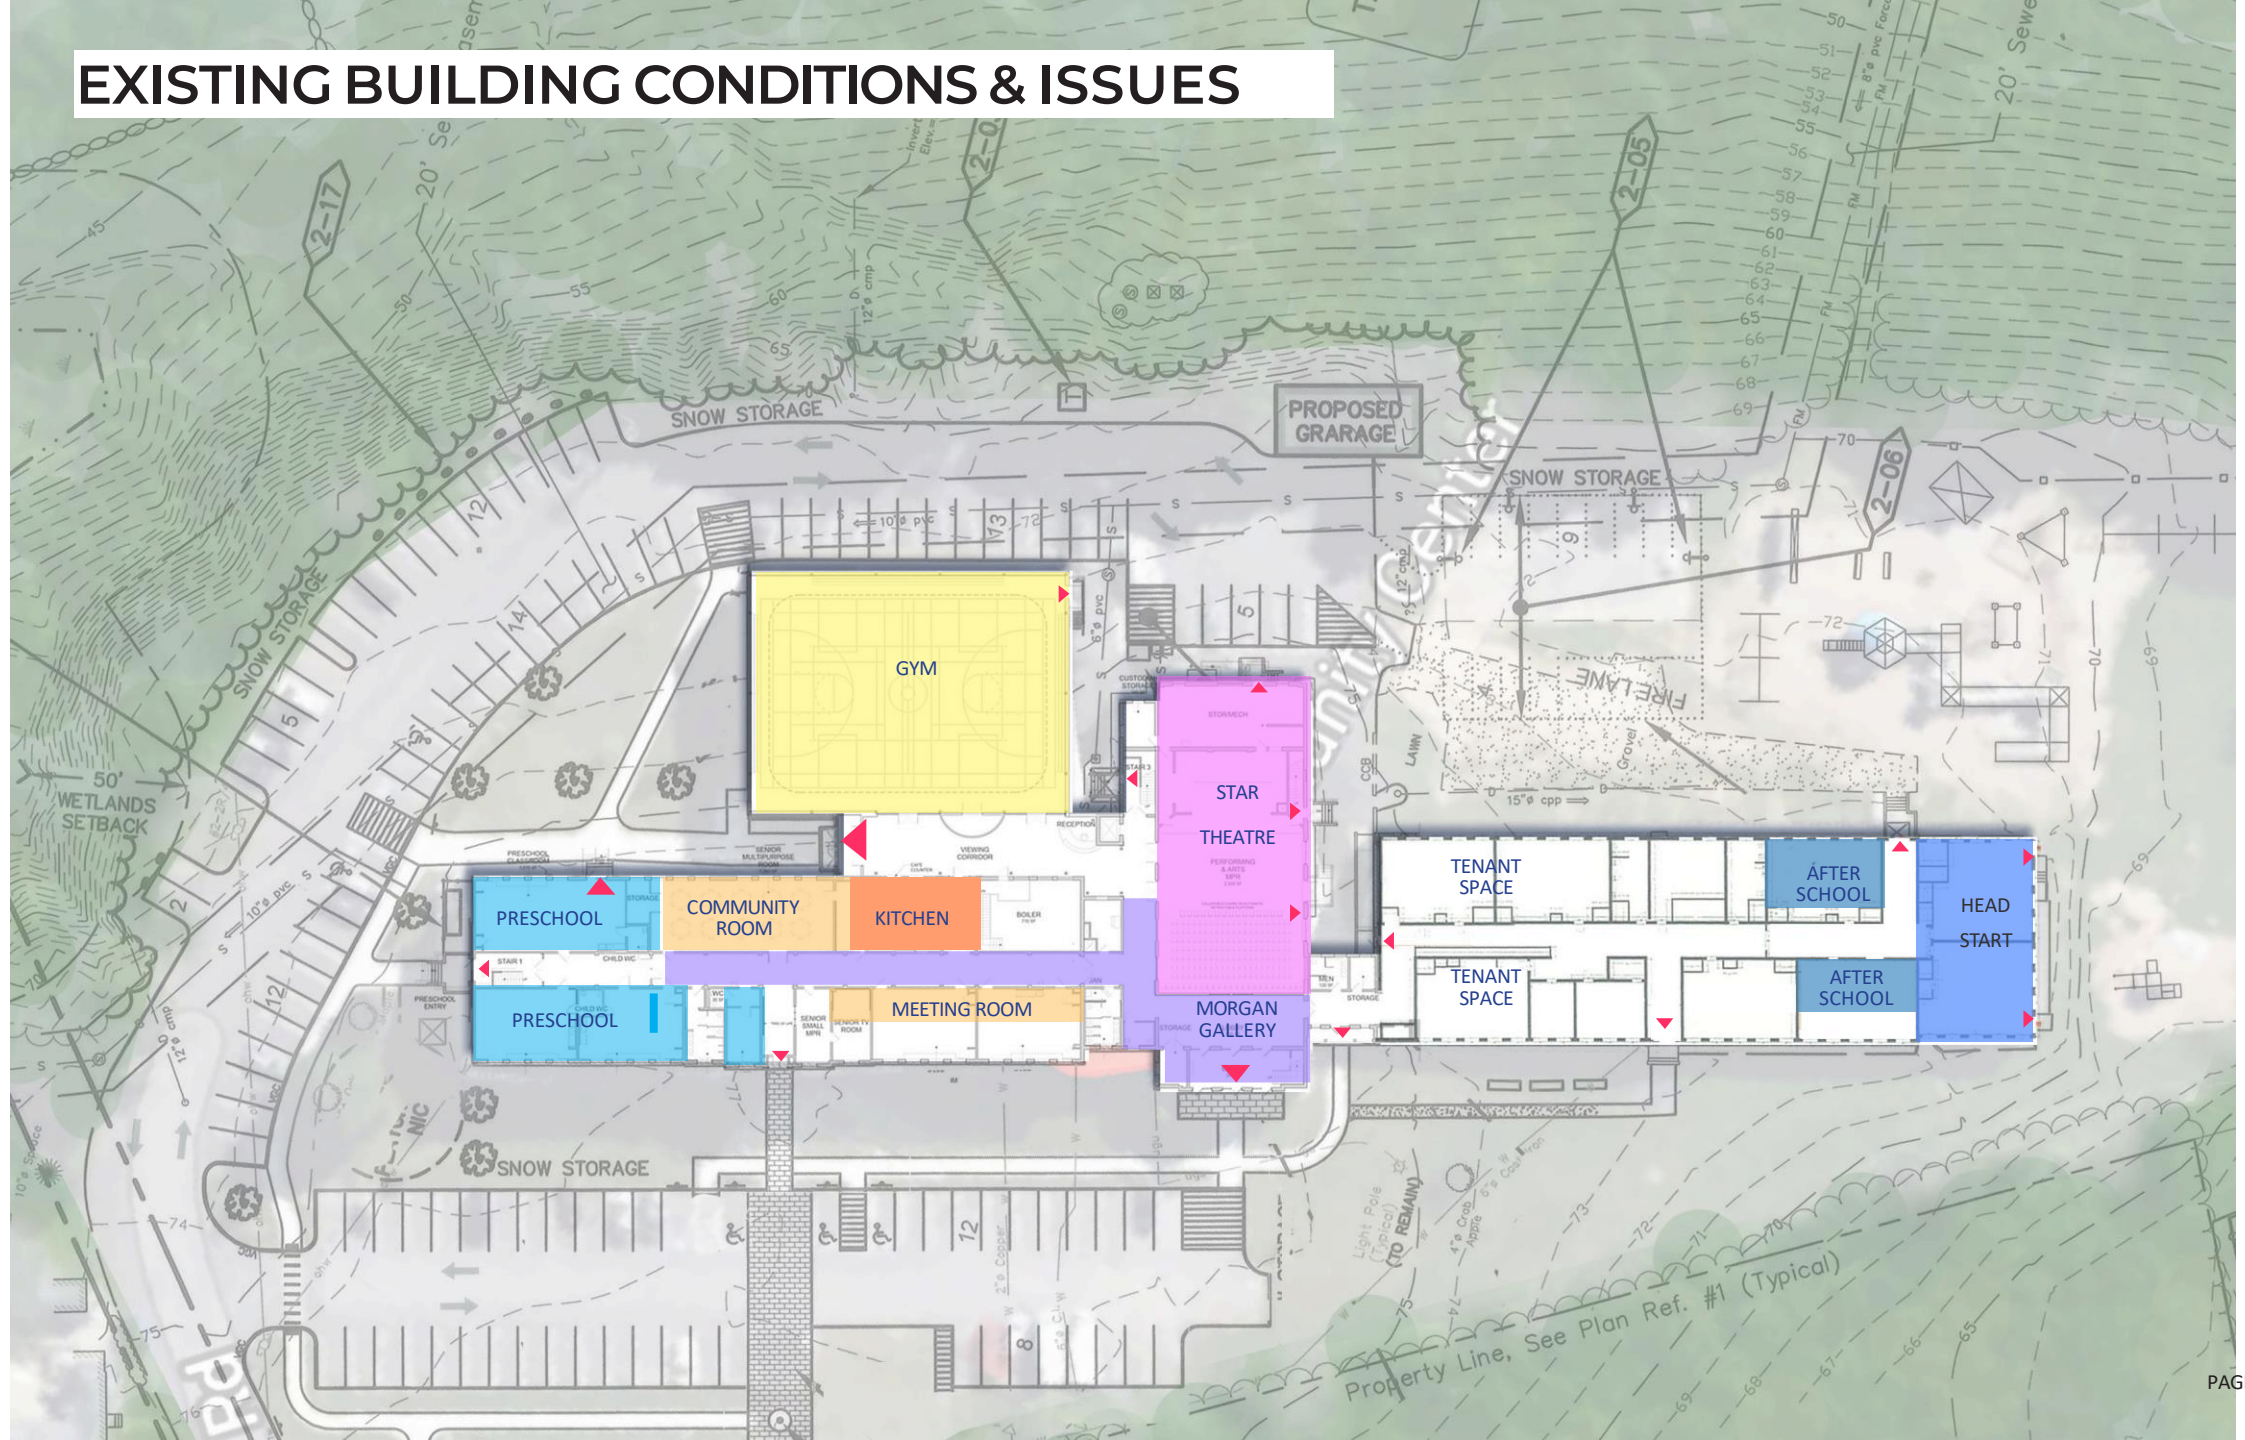

UNITY IN COMMUNITY

Kittery Community Center Campus Master Plan

Existing Conditions

EXISTING BUILDING CONDITIONS & ISSUES

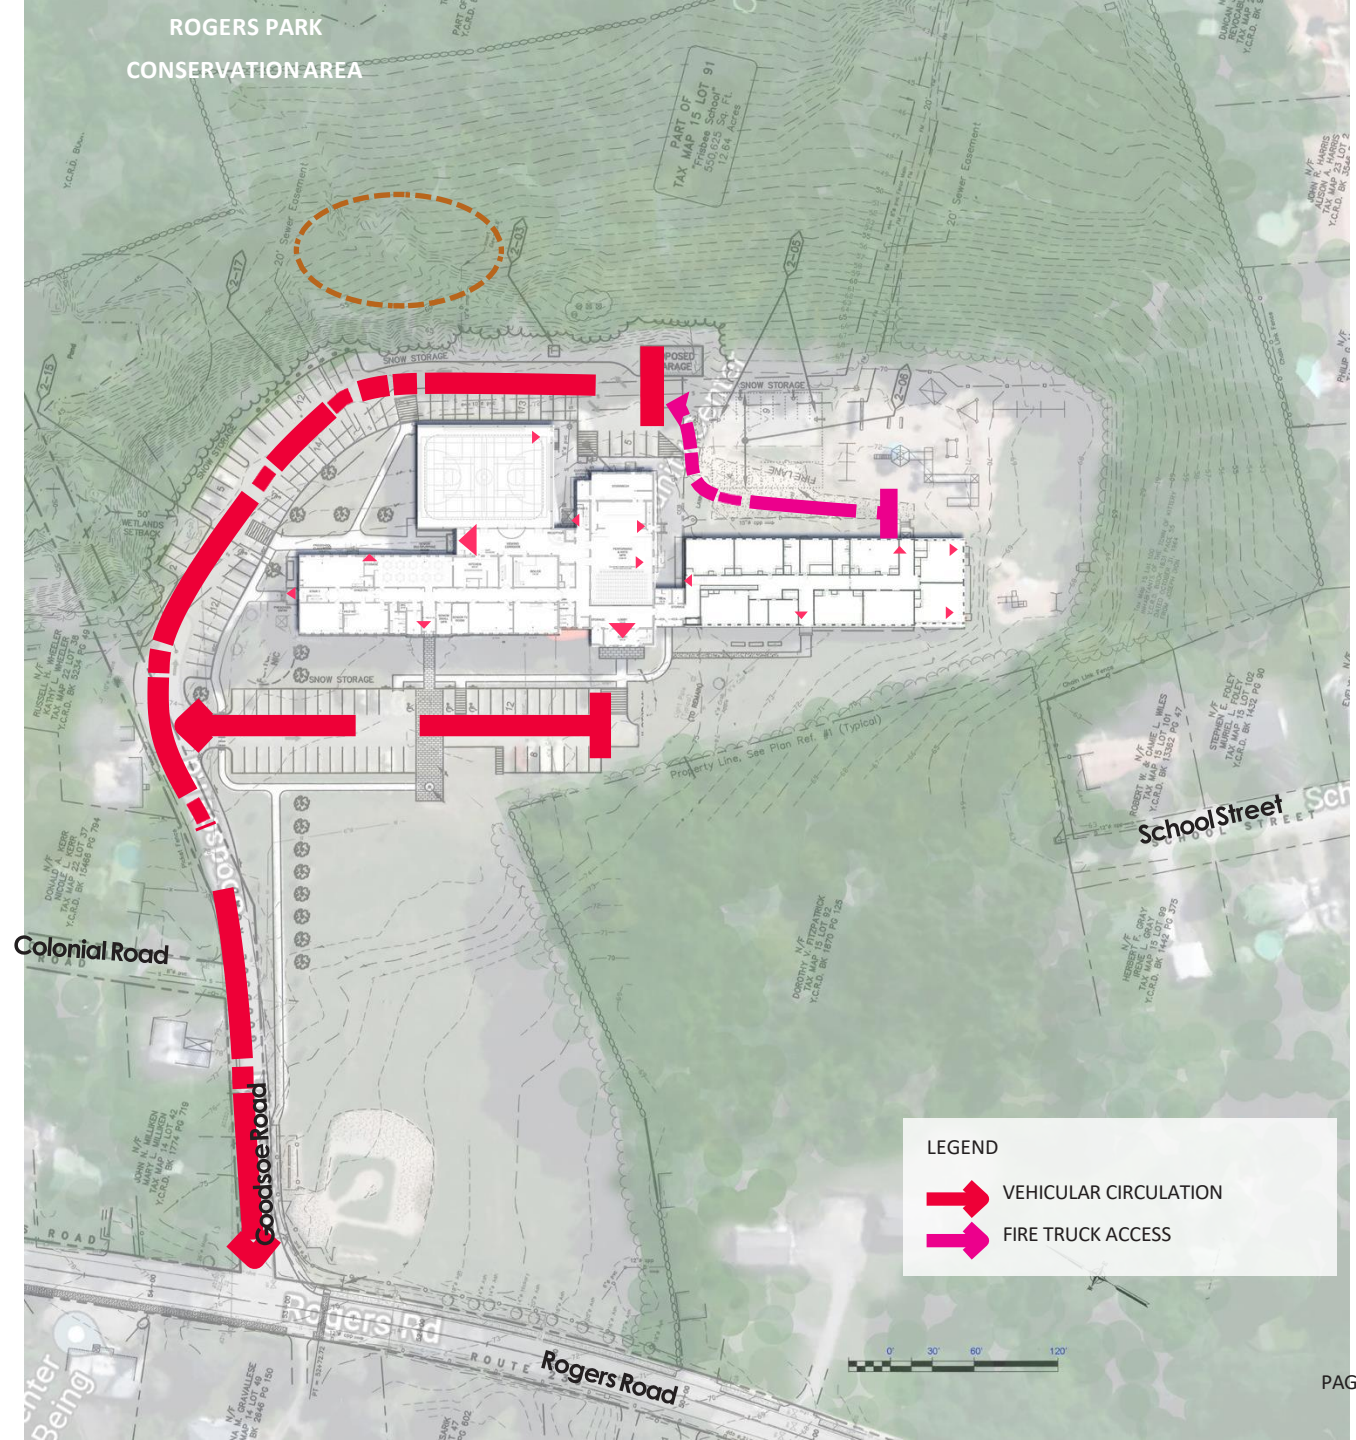

SITE ISSUES - CIRCULATION & PARKING

Vehicular Circulation:

- Both front and rear parking areas lack vehicular turnaround accommodations
- Existing Emergency Vehicle/ Fire Truck Access to back of Annex Building is over unstable gravel area which is difficult to maintain and provide a challenge to turn around

Parking:

- Existing parking capacity (109 spaces) is insufficient when multiple events are scheduled at the same time or overlap.

KCC Campus Site Issues

- Campus lacks site furnishings and seating that welcome and encourage visitors to stay and use the site
- Campus landscaping is sparse and lacks shade, amenity and attractiveness
- Programs have overlapping uses without clear delineations between uses
- Play areas, equipment and basketball courts are deteriorated, do not provide play value, and are not compliant with current play and safety standards
- Site lacks proximate outdoor play, seating, socializing and gardening opportunities to the classrooms
- Site lacks shade to provide relief to site users and summer camps in the summer
- Baseball field is not a standard size for Little League but appropriate size for Coach Pitch and Teeball League games
- Field area adjacent to Rogers Street is a low point resulting in poor stormwater drainage which adversely impacts the use of the site
- Steep slopes on the trail between the Main Building and the Outdoor Classroom area result in drainage challenges and erosion, makes the trail unusable in inclement weather
- The site lacks storage space to support outdoor recreation equipment for play areas and ball field

Kittery Community Center Campus Master Plan

Future Design Concept

FRONT OPEN SPACES RECOMMENDATIONS

1. MULTI-USE LAWN ALONG ROGERS ROAD

INCLUDING:

A. SHADE / PERFORMANCE STRUCTURE

B. TEE BALL / COACH PITCH FIELD

(60' BETWEEN BASES)

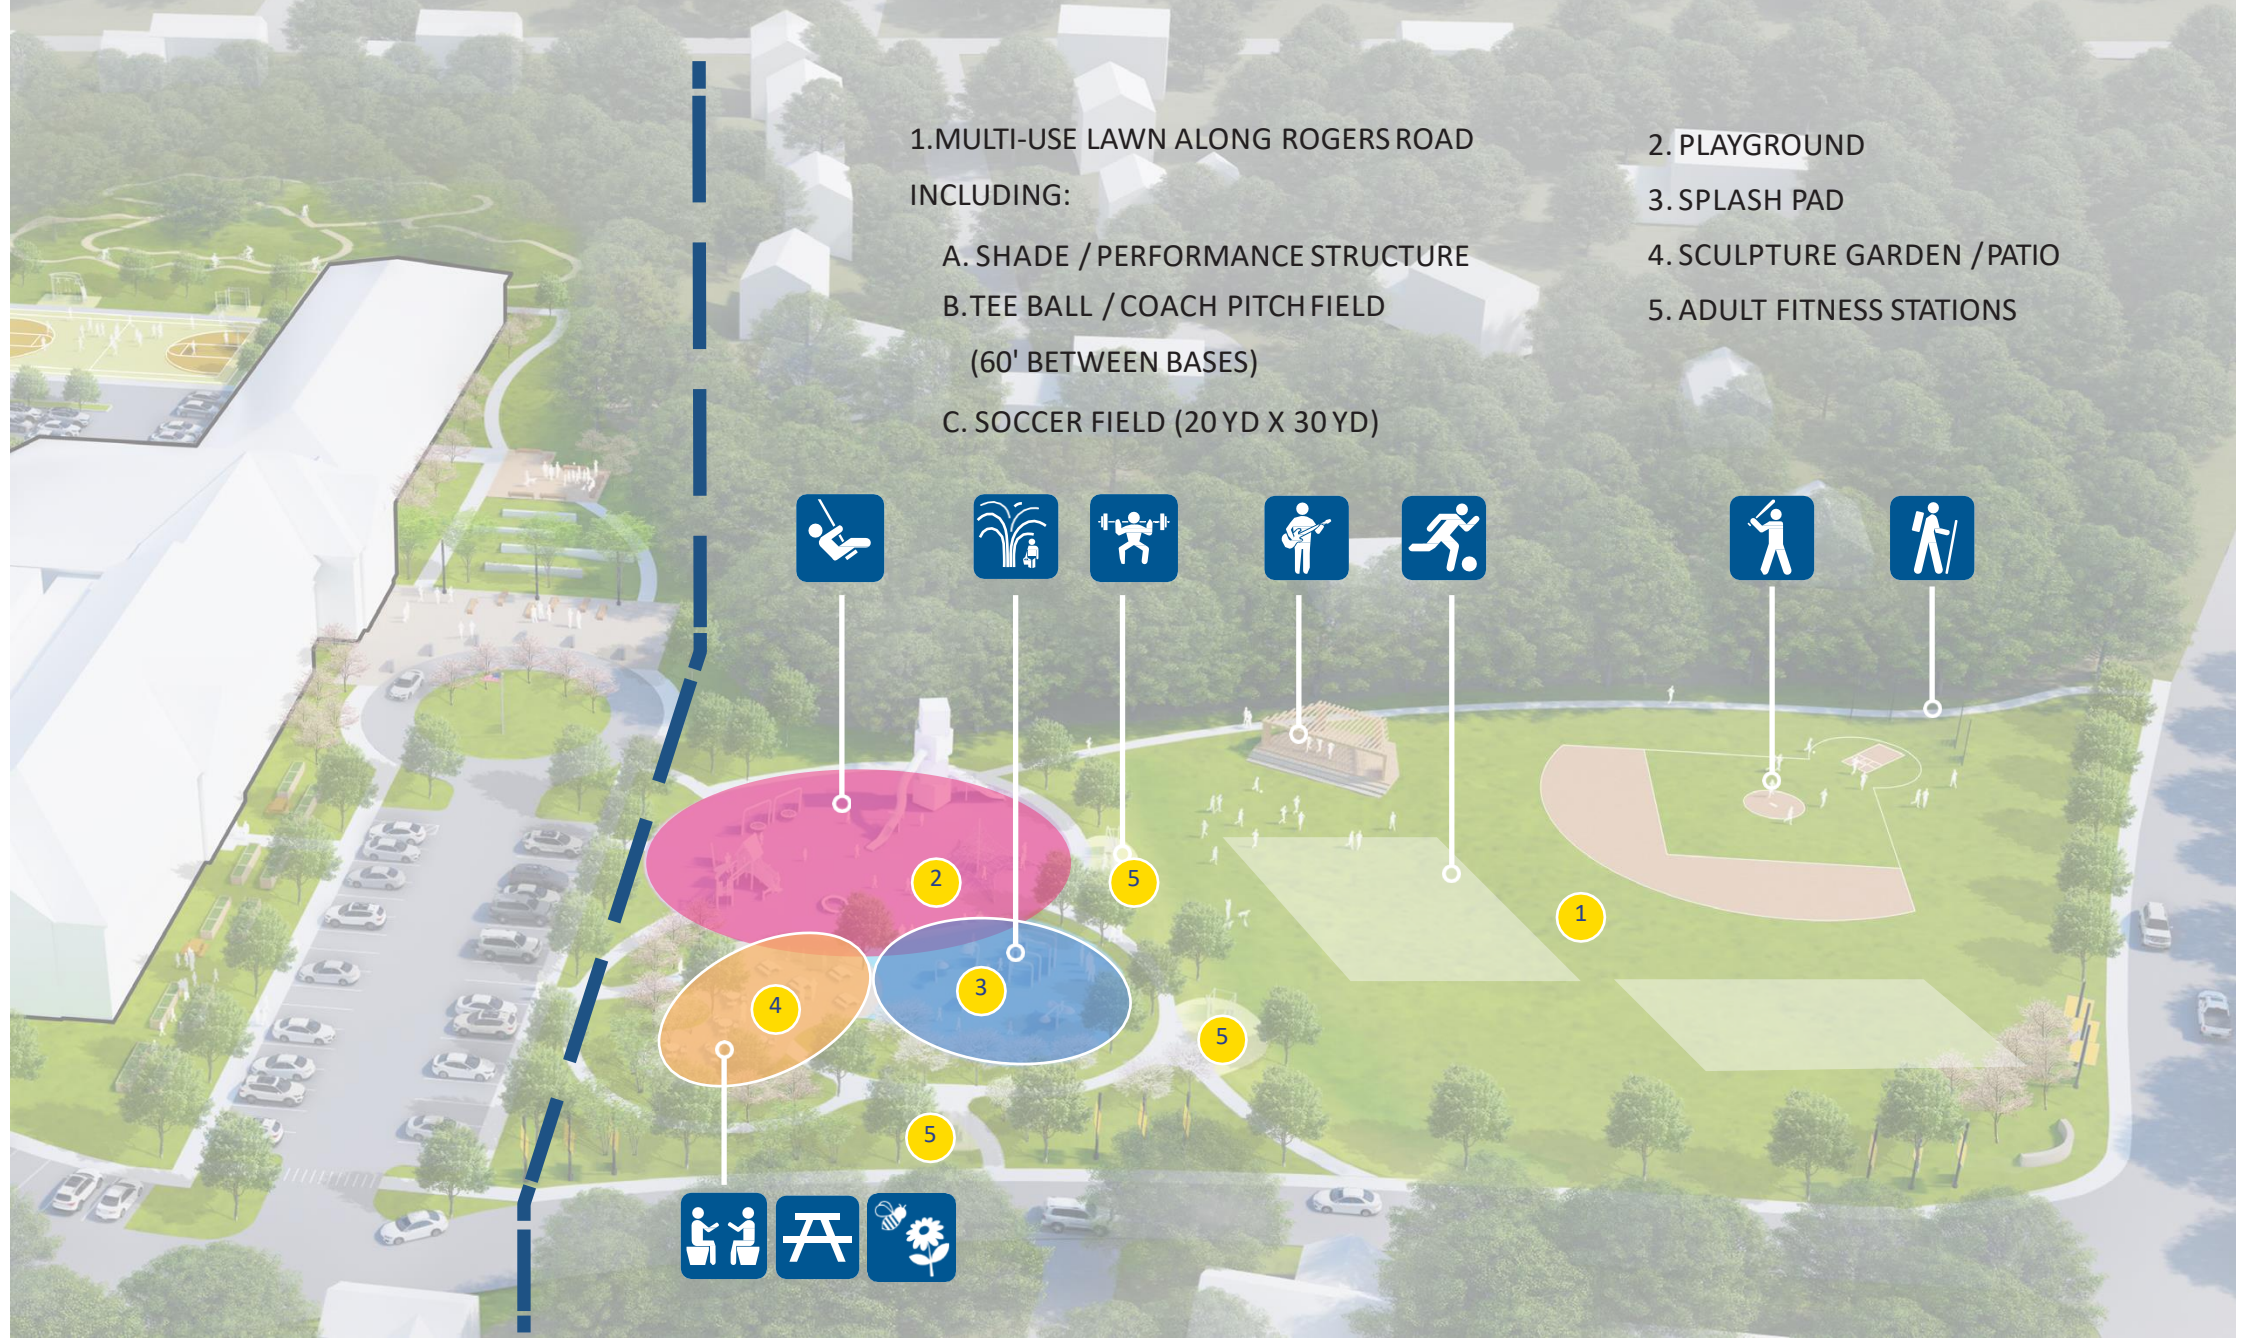

C. SOCCER FIELD (20 YD X 30 YD)

2. PLAYGROUND

3. SPLASH PAD

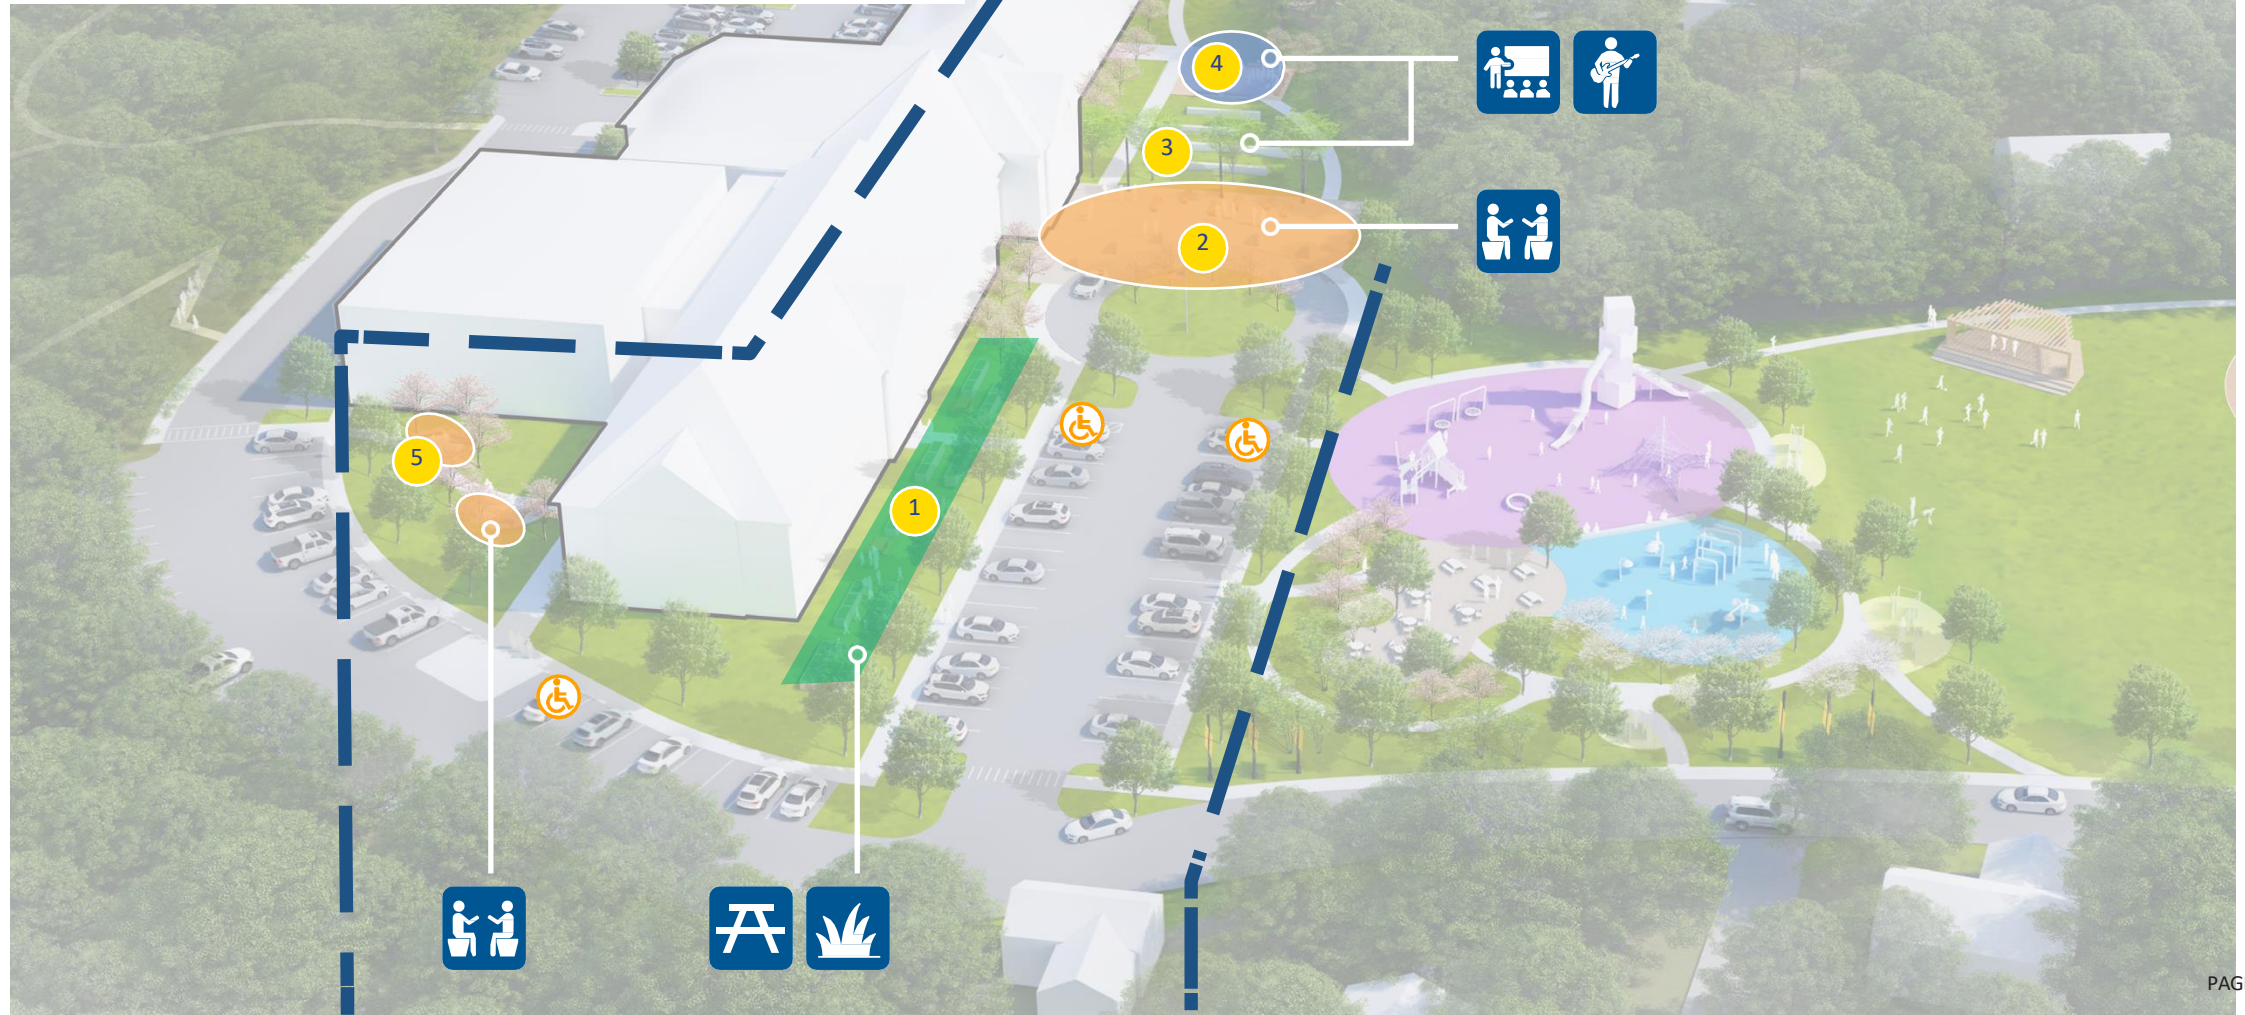

4. SCULPTURE GARDEN / PATIO

5. ADULT FITNESS STATIONS

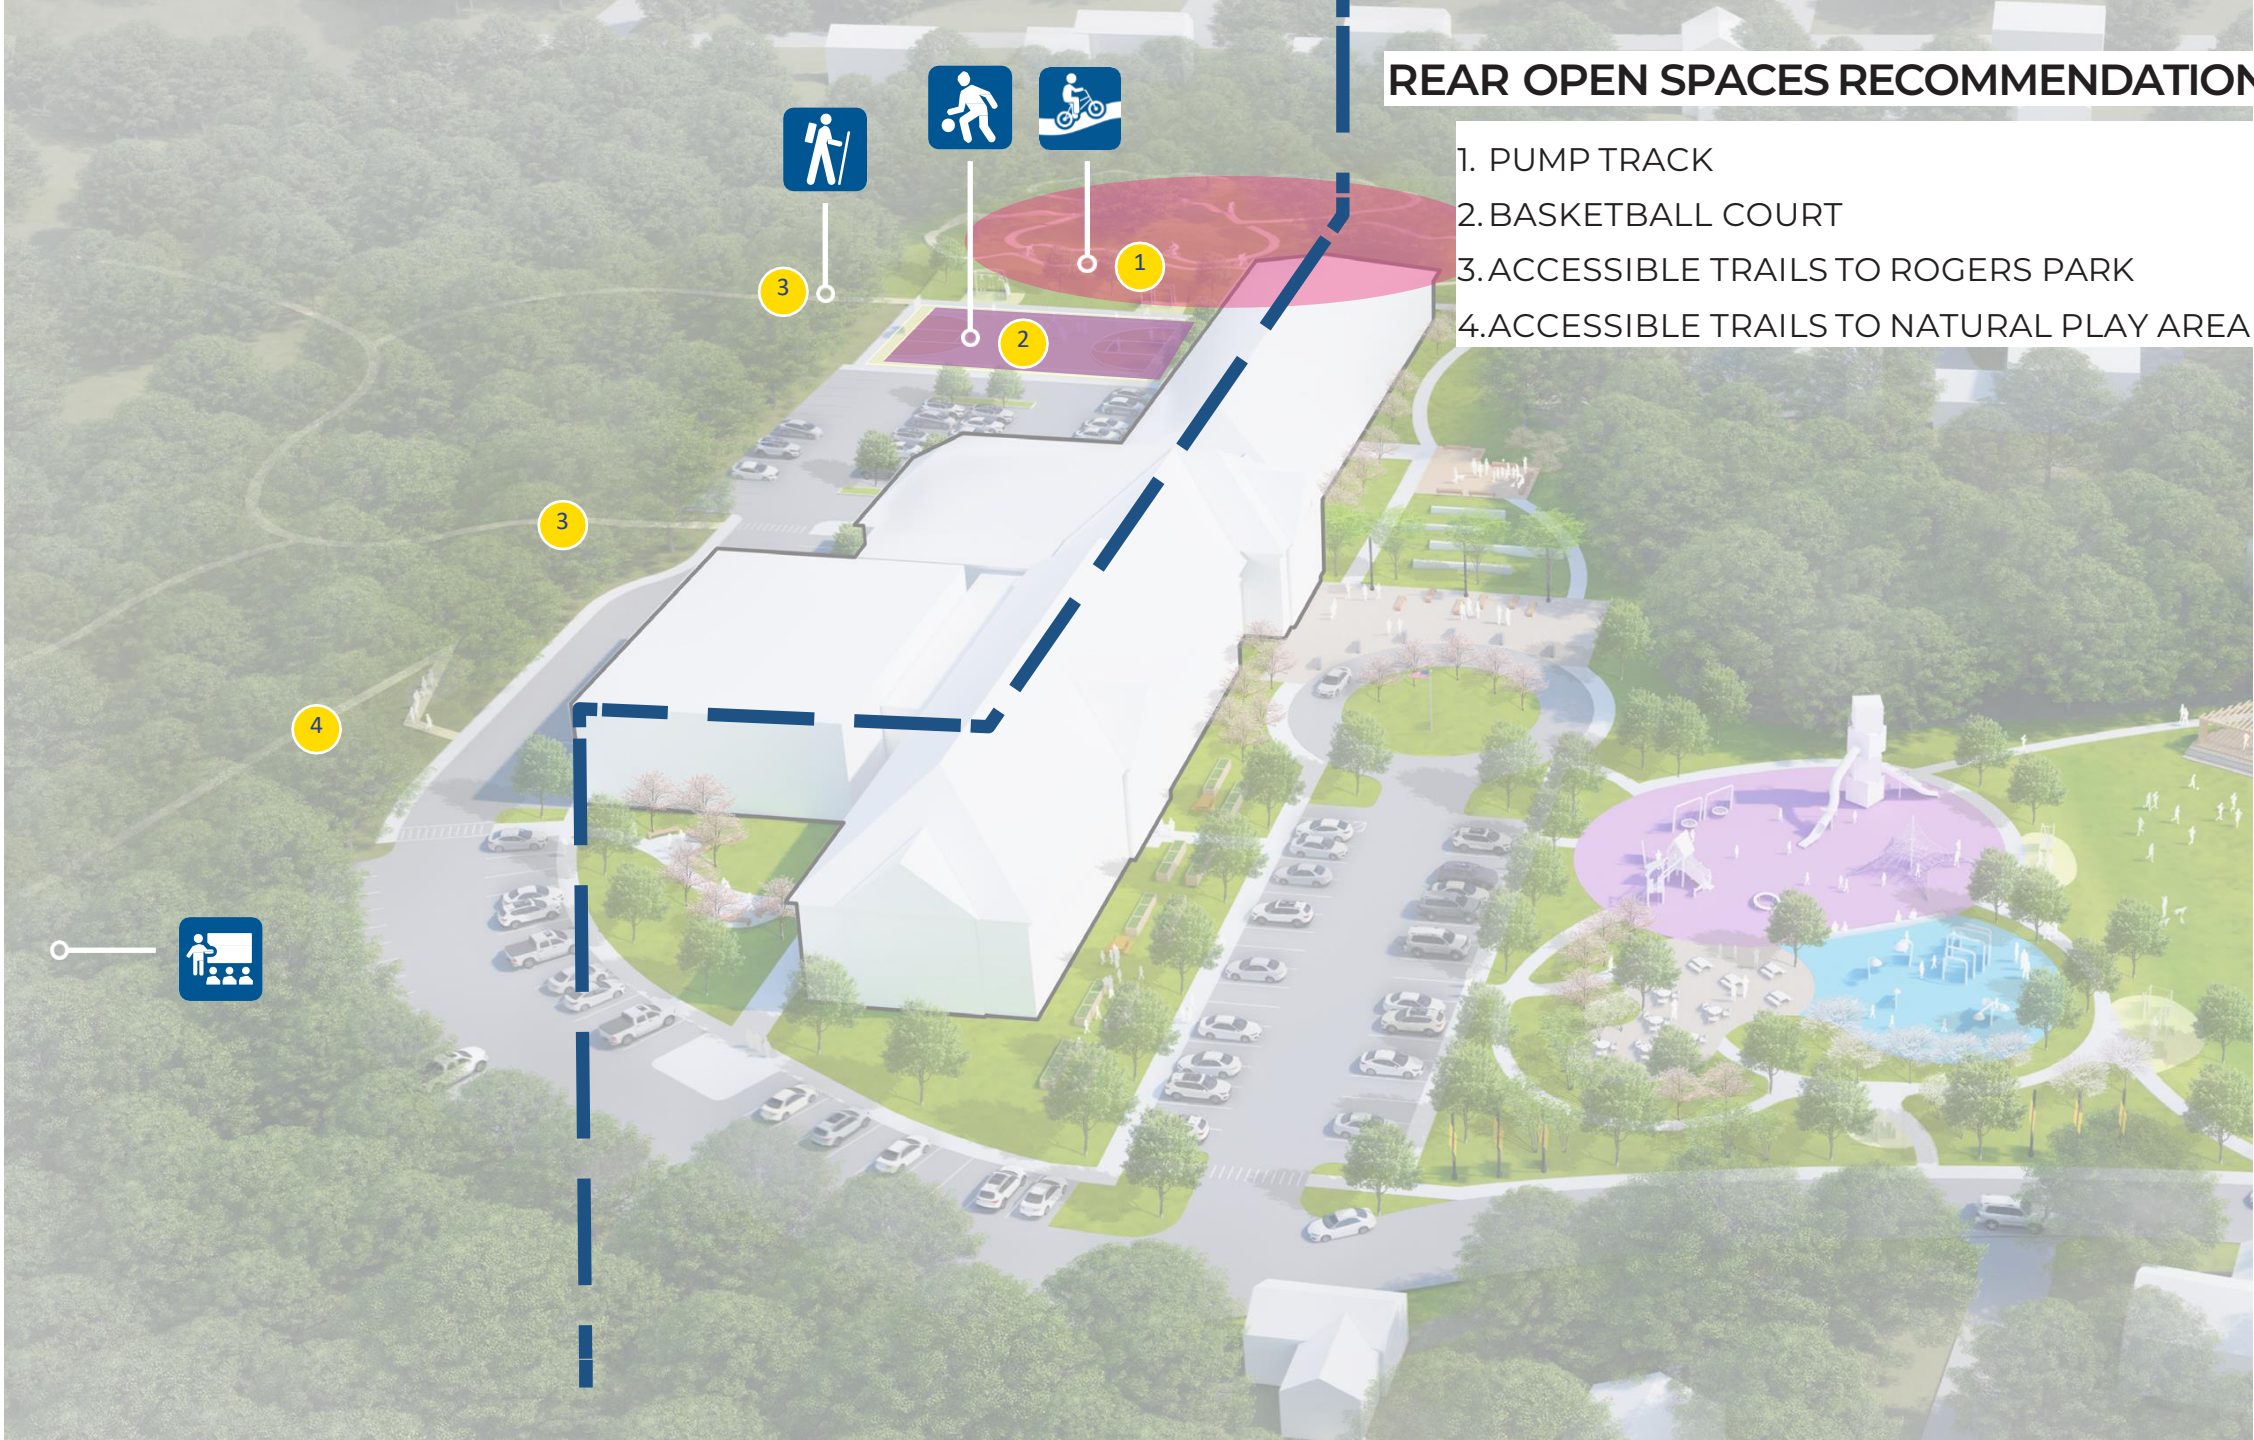

BUILDING FRONTAGE OPEN SPACES RECOMMENDATIONS

1. VEGETABLE GARDEN WITH TABLE AND SEATING
2. STAR THEATER ENTRY PLAZA
3. OUTDOOR AMPHITHEATER / TERRACED SEATING
4. STAGE / OUTDOOR PLAY AREA / OUTDOOR CLASSROOM
5. MAIN ENTRANCE SEATING TERRACE

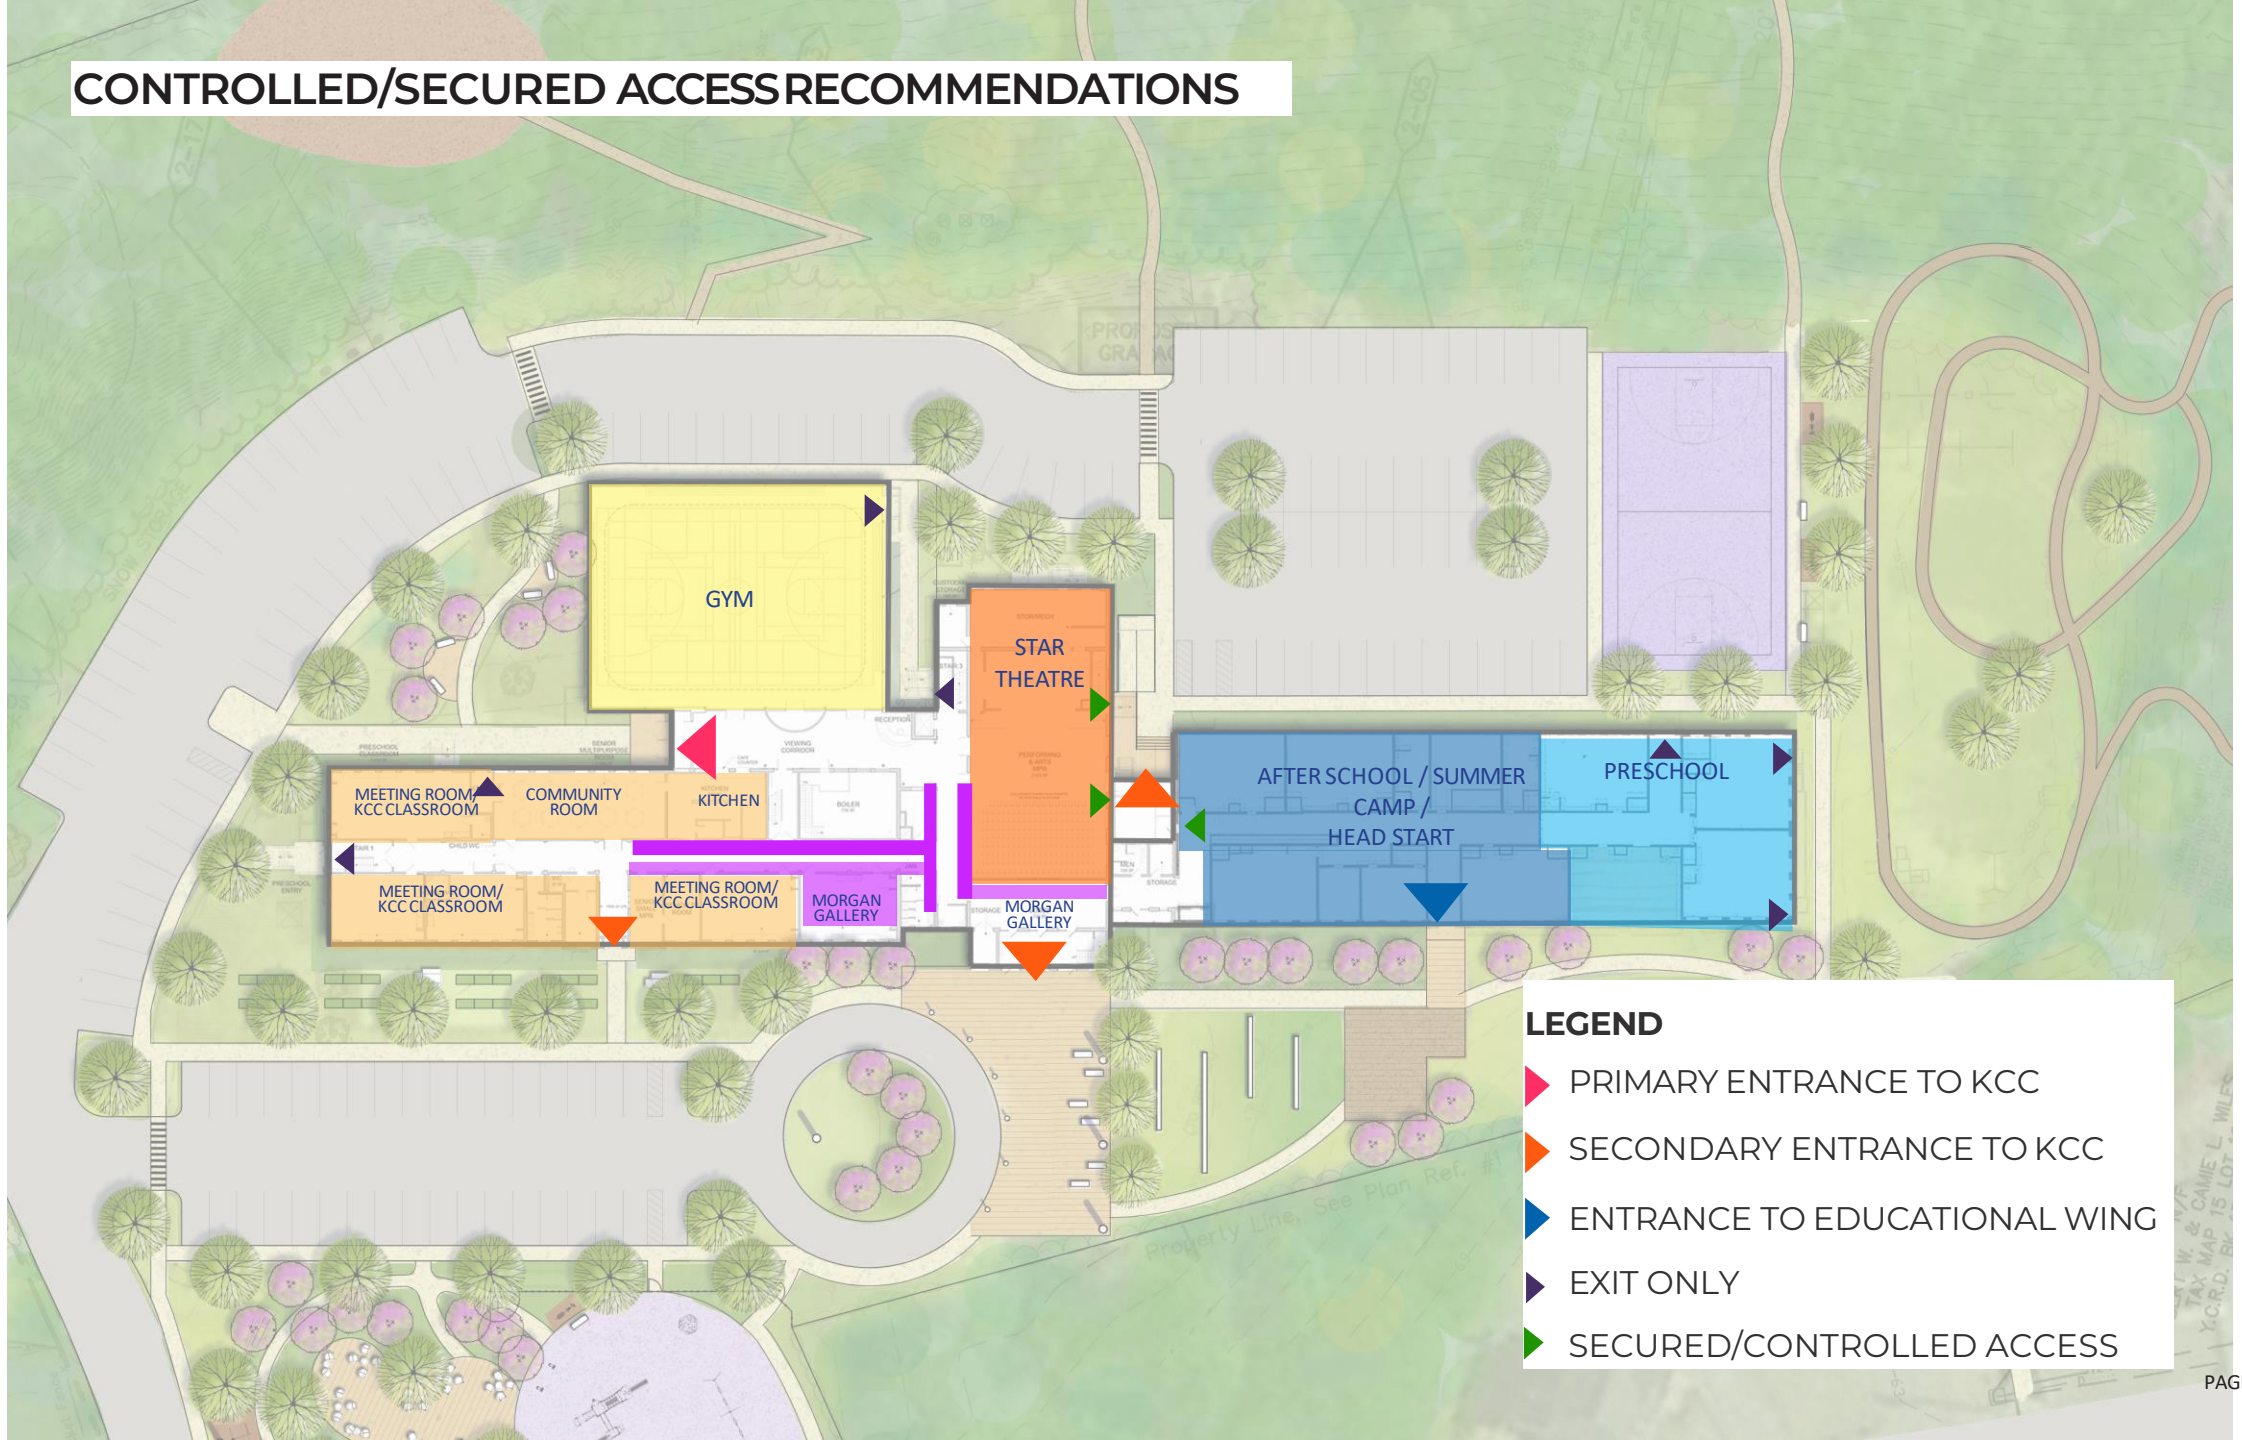

REAR OPEN SPACES RECOMMENDATIONS

- 1. PUMP TRACK
- 2. BASKETBALL COURT
- 3. ACCESSIBLE TRAILS TO ROGERS PARK
- 4. ACCESSIBLE TRAILS TO NATURAL PLAY AREA

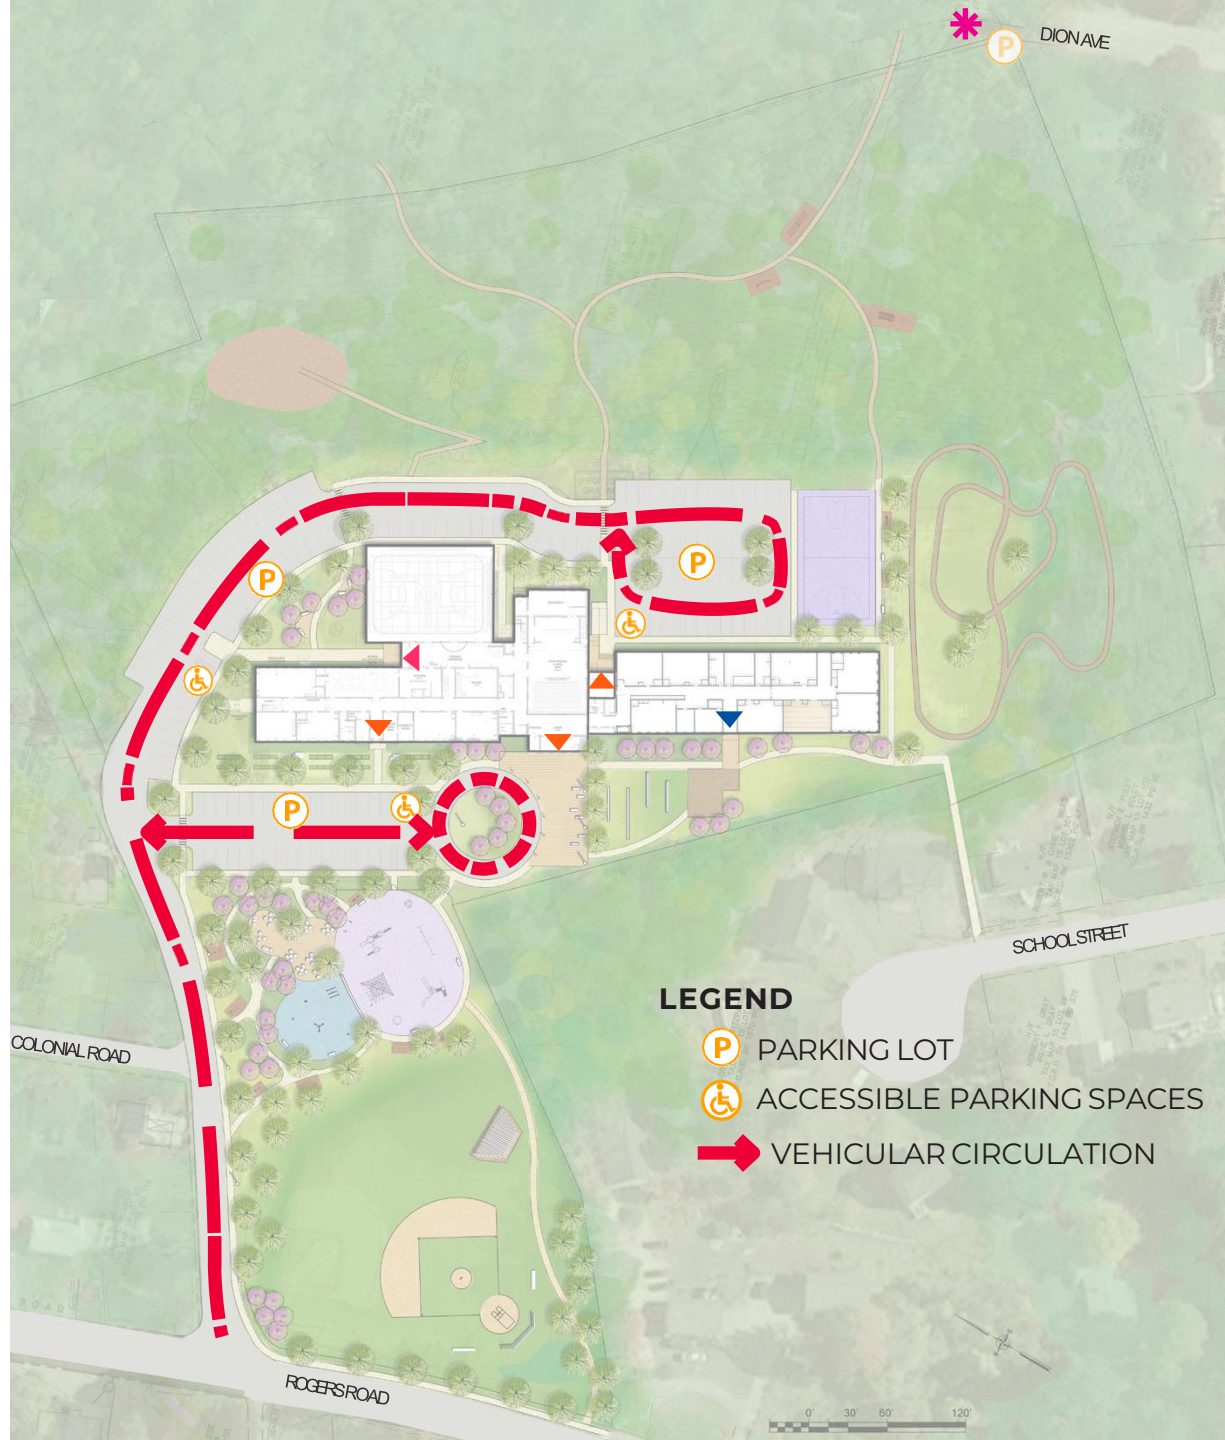

CONTROLLED/SECURED ACCESS RECOMMENDATIONS

LEGEND

- ▶ PRIMARY ENTRANCE TO KCC
- ▶ SECONDARY ENTRANCE TO KCC
- ▶ ENTRANCE TO EDUCATIONAL WING
- ▶ EXIT ONLY
- ▶ SECURED/CONTROLLED ACCESS

VEHICULAR PARKING & CIRCULATION RECOMMENDATIONS

Parking:

- Increase parking by an additional 38 spaces in the Rear adjacent to Annex Building
- Redesign basketball court to serve as overflow parking adjacent to Annex Building
- Add EV charging stations/ parking spaces adjacent to Star Theater

Circulation:

- Provide vehicular turnaround for both front and rear parking areas.
- Provide paved emergency vehicle and fire truck access and turnaround through proposed parking lot adjacent to Annex Building
- Provide vehicular pick up/ drop off area adjacent to Main Entrance and Star Theater Entrance

Kittery Community Center Campus Master Plan

Benefits

UNITY IN COMMUNITY

RECREATION FOR ALL

RECREATION FOR ALL AGES

Move and stay active at the Kittery Community Center and Memorial Field with increased walking/jogging paths, playgrounds, athletic field improvements, outdoor fitness, and more.

ACCESS FOR ALL ABILITIES

People of all abilities can utilize and enjoy ADA accessible athletic fields, support spaces, outdoor gathering areas and play spaces at the Kittery Community Center and Memorial Field.

WELCOMING OPEN SPACES

Find new opportunities to sit and relax, spend time with friends and neighbors, share experiences and enjoy elements of nature at the Kittery Community Center and Memorial Field.

IMPROVED PARKING & FLOW

Experience reduced parking congestion at the Kittery Community Center and Memorial Field with more parking spaces and better utilization of space to improve pedestrian and vehicle flow.

Financing

Memorial Field Project and KCC Campus Master Plan

Recreation for All – Phasing Options

Memorial Field	KCC Phase 1	KCC Phase 2	KCC Phase 3
Turf Field	Expanded Parking in Rear	Shade/Performance Pavilion	Pump Track
Natural Field Upgrades	New Playground	Star Entry and Front Lot Improvements	Existing Main Entry Improvements
Parking and Flow Improvements	Outdoor Fitness Circuit	Basketball Court	Outdoor Amphitheater
Bleachers	Seating/Sculpture Garden	New Entrance	Community Garden
