5:30-7:00 p.m.

Location: York Land Trust office, 1 Long Neck Marsh Rd, York

Meetings are open to the public.

For more information: www.YorkRiverMaine.org

The York River Study Committee was formed in 2015 with town-appointed members from Eliot, Kittery, South Berwick, and York and agency representatives from the Maine Coastal Program, Maine Department of Transportation, Wells National Estuarine Research Reserve, and National Park Service. The Study Committee recommended a Partnership Wild and Scenic River designation for York River and its tributaries and developed the York River Watershed Stewardship Plan.
