Overview of Shore and Harbor Projects – Feb 2013

Pepperrell Cove BIG Improvement (WIN 018144.00)

Purpose:

- Improve access to public waters for recreational, transient boating along the Maine coast for boats 26ft and larger.
- Enhance economic development opportunities for coastal Maine municipalities associated with improvements to facilities for recreational boating opportunities.

Benefits:

- The project will create an improved facility that attracts additional recreational transient 26 ft. boats.
- The potential economic benefit for local businesses in Kittery is substantial.
- The project will create an increased attraction for boaters to visit the coast of Maine and Kittery.
